INSURANCE

You are responsible for the space contracted to you. Consequently, be sure to have all insurance certificates in force and updated during the Show. It is very easy for most insurance companies to add a binder to your policy for the run of the Show. If there are damages to the building or its property attributable to you, it is your responsibility to reimburse the Hynes Convention Center. Paragon Group and NECC require no special insurance if the agreement for space rental is completed, signed and received by Paragon Group 10 days prior to show opening.

SALES TAX IDENTIFICATION NUMBER REQUIRED

All exhibitors selling merchandise on the Show floor are required to provide a Federal Identification Number or MA Tax Identification Number (TIN) if a business, or a Social Security number, if an individual, to Show Management prior to setting up at the show. The Massachusetts Department of Revenue (DOR) **requires** Show Producers to provide them with a complete file of this information. The number required is simply the number you or your company uses to file Massachusetts or Federal Income tax. A representative of Mass State Department of Revenue will be on site sometime during the Show.

Thank you if you have already provided this information on your application for booth space.

If you have not already provided this information, please call Dave Gerth at 781-343-1562 or email it to him at dgerth@paragonexpo.com by March 13.

Exhibitors can apply for a Massachusetts State Tax Identification Number on line. The following link will provide information regarding registration.

How to apply:

- Go to www.mass.gov/dor
- Go to “Business”
- Go to “Filing & Reporting”

Proceed with instructions provided. **The responsibility is yours to comply with state codes.**

DISPLAY GUIDELINES

Paragon Group enforces display regulations that we believe provide each exhibitor an equal opportunity to make the most effective use of their space without infringing on the rights of your neighbors. The foundation upon which all show management display rules are based is the following:

“All exhibitors, regardless of size or location, will be given an equal opportunity, within the bounds of common sense and professional courtesy, to exhibit their product(s) or service(s) in the most effective manner to the attendees”

Please review the rules and regulations outlined in the following pages. Each section begins with the actual rule and guideline and is followed by the intent that is of major importance.

BOOTH STANDARDS

- Handwritten signage is not permitted
- All product(s) should be professionally displayed, (i.e., no corrugated boxes or displaying of product(s) in the aisles outside the exhibit
- No helium balloons are allowed in building.

DEMONSTRATIONS

Do not place your demonstration areas on the aisle line of your exhibit if you expect many people to congregate at one time. Leave space within your own exhibit area to absorb the majority of the crowd. **Should spectators interfere with the normal flow in the aisle, show management will insist that you limit or eliminate the presentation.**

Police your own booth to be sure the noise level from any demonstrations or sound systems is kept to a minimum and does not interfere with others. The use of microphones or public address systems is prohibited in exhibitor booths. Show management reserves the right to determine at what point sound constitutes interference with others and must be discontinued.

The aisles are the property of all the exhibitors and therefore, each exhibitor has the responsibility to assure proper flow of traffic through the entire show. When large crowds gather to watch a demonstration or entertainment and interfere with the flow of traffic down aisles or create excessive crowds in neighboring booths, this is an infringement on other exhibitor' rights. Aisles must not be obstructed at any time.

BOOTH GUIDELINES

One or more 10'x10' booth with aisle on one side:

1. Booth construction – Back wall is 8' high. Sides may be 8' for the first 5' from the back wall of booth. The front 5' (to aisle) may be no higher than 4'. This results in clear linear visibility for all exhibits.
2. Nothing may be erected or hung across or over any aisles, even if that aisle is flanked on both sides by booths assigned to the same exhibitor, unless approved by Show Management.
3. All exposed areas of the exhibit must have finished surfaces including the back and sides. Graphics, logos or print facing into another booth will not be allowed. All such material must face into the aisle or into the exhibitor's own booth. Any part of any booth needing a finished surface at 6:00 PM, the day prior to the Show opening, will be draped at the cash expense of the exhibitor. Show Management will decide whether such drape is needed.
4. Product storage is not permitted behind or around exhibits. Minimal storage of literature or items for daily use may be stored out of sight.

5. Show Management may require any Exhibitor to make changes in his or her exhibit if, in Show Management's opinion, the exhibit does not conform to prevailing standards of good taste or interferes with the rights of other exhibitors.

NO NAILS OR SCREWS

Nothing may be posted, taped, tacked, nailed or screwed to columns, walls, floor or other parts of the building. No holes may be drilled, cored or punched in the building. Any damage or defacement caused by infractions of this rule will be remedied by Show Management at the expense of the rule-breaking exhibitor.

HANDOUTS

No adhesive-backed (stick-on) decals or similar items may be distributed or used in the building. You cannot distribute literature, samples or other material outside your contracted exhibit space. You cannot work the aisles outside your booth.

EXHIBITORS WITH SPECIAL NEEDS

Exhibitors who have special needs which require variance from these guidelines must get prior written approval from Show Management. Exhibitors should send detailed plans of their proposed display for this approval.

UPS AND FEDEX DELIVERIES

We strongly discourage sending freight via overnight delivery services (FedEx, UPS) due to the logistical challenges inherent within the Hynes Convention Center. Shipping via this method also incurs material handling charges! Once the Show has opened, there will be no one at the loading dock to accept any UPS or FedEx deliveries. If you are expecting a delivery please make arrangements for your shipment to be delivered elsewhere, such as to your hotel.

SECURITY - DURING INSTALLATION

While setting up booths which contain small, easily pilferable articles, use of individual booth safeguards should be made, i.e., chaining of items, show cases, covering with tarps and locking containers. **DO NOT PUT ANY ARTICLES OF VALUE IN A CRATE OR CARTON DESIGNATED FOR "EMPTY STORAGE".**

SECURITY - DURING SHOW HOURS

Booth personnel should be in attendance at least 30 minutes prior to official Show opening and should remain during all Show hours. At the close of the Show each evening, booth personnel should remain until the public has been cleared from the floor and the booth has been secured for the evening. Special safeguards should be exercised with regard to personal items such as handbags, wallets & coats.

SECURITY - DURING DISMANTLING PERIOD

Dismantling and/or merchandise removal cannot begin prior to the official closing of the Show on Sunday at 3:15 PM.

It must be stressed that exhibitor personnel must remain with merchandise until it is removed from the exhibit floor. Each outbound carton or crate must be properly labeled or tagged for shipment. If you are expecting a pick up on Monday by common carrier or express delivery, see the Freeman Service Desk for details.

While adequate guard service will be provided by Show Management around the clock, it is the responsibility of each exhibitor to take whatever precautions he/she deems necessary to prevent loss or damage. Show Management assumes no liability or responsibility for any loss or theft. Therefore, it is incumbent upon exhibitors to provide for their own product security and insurance coverage.

PERFORMANCE OF MUSIC

If any copyrighted music is to be played at your display, you must obtain all necessary licenses from the copyright owner or licensing agency representing the copyright owner as shown below.

The licensing requirements include the playing of live as well as recorded music, whether it is the essence of the presentation or is used only as background, on a videotape or other presentation.

ASCAP
3350 Cumberland Circle
Suite 1890
Atlanta, GA 30339
800/505-4052

BMI
10 Music Square East
Nashville, TN 37203
800/326-4264

Adherence to these federally mandated copyright licensing laws is of critical importance. Failure to do so is both a violation of federal copyright law and a breach of your contract for the New England Cannabis Convention.

Please take a few minutes to ensure a hassle free event by acquiring proper licenses. If you encounter any difficulty with either ASCAP or BMI in your attempt to acquire a license, please contact Show Management

BUILDING FIRE REGULATIONS

The following safety regulations must be strictly adhered to by all exhibitors and Show Management. Fire Department Inspectors carry out regular inspections and will enforce these regulations.

1. No fire alarm pull stations, fire extinguishers, or fire hose standpipe locations may be blocked by displays, tables, signs, etc. Accesses to these devices must be maintained at all times.
2. No exit door fire access aisle may be blocked; complete access must be maintained without encroachments, at all times.
3. Painting and use of flammable liquids or solvents is prohibited within the building.
4. No smoking is allowed in the Exhibition Hall.

What is Drayage or Material Handling?

Material Handling, also known as Drayage, is the six-step process that occurs when the General Contractor takes ownership of the freight from your carrier at the advanced warehouse, marshaling yard or show site, delivers it to your booth, stores empties, delivers empties back to your booth for your re-packing and then brings the freight back to the docks for pick up by your specified carrier.

How Is the Cost of Drayage Determined?

To determine the amount charged to exhibitors by General Contractors for handling of your freight, remember that freight is sometimes moved as many as six times during a show.

General Contractors charge by 100 lb. increments, known as a hundredweight (CWT), and with a 200 lb. minimum charge. Your 31 lb. box is charged as a 200 lb. minimum so depending on the show rate could cost you anywhere from \$120 – \$240. Now be prepared to pay 30% more for special handling or for delivery off target, generally a holiday or weekend, which could add another 25%.

What is Special Handling & Why Is There a 30% Upcharge on an Already Costly Bill?

Special Handling applies to anything that is shipped to the advance warehouse or direct to the show that is not palletized or crated, needing personal handling, i.e., restacking, using chains or special equipment to unload, moving other crates to get to your materials, etc.

Be advised everything shipped by air freight via Fed Ex, UPS or any small box carrier is automatically considered Special Handling. If you ship 4 boxes of literature to your booth in different shipments, be prepared to pay the 200 lb. minimum per shipment plus 30% Special Handling fees per shipment. Special handling has a 30% mark up because of the extra time it takes to unload and distribute the truck full of boxes to your booth as it takes more labor than a forklift driver simply lifting a crate and driving to your booth.

30 lb. Rule & 5 lb. Rule

Some General Contractors (including Freeman, Brede and GES) are nice enough to have a 30 lb. rule for “small packages” – meaning if 30 lbs. or less they will charge a substantial amount less as the package can be hand-carried or delivered by cart. If your shipment is sent at the same time and the combined weight is over 30 lbs. then expect a 200 lb. minimum charge.

The 5 lb. rule is that anything less than 5 lbs. is free. Not all Generals are nice when it comes to this rule. Someone still has to walk from the docks, find you and then journey back - but the big Generals know it is outrageous to charge large sums of money for a letter being delivered to the show and your booth.

Simple Tips to Save BIG CASH!!!

When shipping in your products or marketing promotional items, minimize the number of items in your shipment and consolidate your items on a pallet, shrink wrapped and banded appropriately. This way, a forklift can simply drive under and lift the pallet to your booth, avoiding Special Handling charges.

If you have to ship in individual boxes, make sure you ship all the boxes at the same time and keep your tracking receipt. Make sure your individual boxes are marked “1 of 3”, “2 of 3”, etc. and were charged as a combined weight shipment. The General Contractor will note that all the boxes were shipped at the same time and you won't be charged the 200 lb. minimum per box. If your tracking numbers are too far apart, brace yourself for individual 200 lb. charges per package. Make sure all boxes or packages are gathered and shipped at one time.

Your tracking receipt, or for the tech savvy, a virtual record on your phone, will allow you to confirm all boxes have arrived and will also provide problem-solving ability when you're missing boxes in your booth and the Exhibitor Service representative's first question to you is "Do you have tracking numbers?"

Notify your shipper you will not be paying any booth material Special Handling charges.

Make sure to notify your shipper to ship your booth properties crated and, if need be, palletized, shrink wrapped & banded appropriately. This will not only ensure you aren't hit with a special handling 30% up-charge for your booth properties but also minimizes losing booth properties that were shipped loose from a secured crate or pallet.

Note: During a show, empty crates will not be moved into storage without an Empty sticker applied, nor will equipment or materials be moved out of your exhibit space at the end of a show without filled-in shipping labels and proper paperwork filled out and submitted to start the process. Materials left behind without paperwork will be taken back to the General Contractor's warehouse and "forgotten" until you come looking for them. Don't forget the rented tv monitor!

The Bottom Line is that this is a great deal for a one-time charge for a six-step process.

Please contact your Show Manager if you have further questions.

HELPFUL HINTS

SAVE MONEY

Order early to take advantage of advance order discount rates, place your order by Thursday, February 27, 2020.

AVOID DELAY

Ship early to avoid delays. Shipments arriving late at show site will cost you money, time and business!

SAFETY TIPS

Use a ladder, not a chair. Standing on chairs, tables and other rental furniture is unsafe and can cause injury to you or to others. These objects are not designed to support your standing weight.

Be aware of your surroundings. You are in an active work area with changing conditions during move-in and move-out. Pay attention. Look for obstacles, and machinery and equipment that are in use.

Keep your eyes open for scooters and forklifts. The drivers of these vehicles may not be able to see you.

Stay clear of dock areas, trucks and trailers. These areas can be particularly dangerous.

Prevent electrical shocks, falling items and damage to materials. Do not attach items or equipment to the drapes or metal framework provided for your booth. This can cause serious injury or damage to materials.

Children are not allowed in the Exhibit Hall during move-in or move-out.

Freeman does not ship or handle Hazardous Materials. If any materials you are shipping to the event fall into this category, please contact Freeman to be sure that the material will be allowed at the facility and by the association. In addition, if authorized by the facility and the association, you will need to make separate arrangements for the transport and handling of the approved materials, since Freeman will not transport or handle them.

The operation or use of all motorized lifts and motorized material handling equipment for installation/dismantle of exhibits is NOT permitted by exhibitors or by their exhibitor appointed contractors (EAC's). Thank you for your cooperation.

Interested in going green and saving money?

Follow these tips to make sure your sustainable booth strategies are cost-neutral or even cost-saving! Leave an impact on the show floor, not the environment.

1 BEFORE THE SHOW

booth structure

Option 1 Multiple Use

Use **Forest Sustainable Certified (FSC)** wood to build your booth and crates.

Get creative! Design your booth with a **small shipping footprint** to minimize carbon emissions. Freeman's eye-catching stretch-fabric booth designs pack up small (and light!) for shipping.

Option 2 One-time Use

Rent locally from nearby Freeman offices to reduce both shipping costs and carbon emissions.

2 carpet

Option 1 Rent

Rent rather than buy carpet to save on shipping, cleaning, and storage. Freeman Classic carpet can be reused at least four times.

Option 2 Color

Use darker-colored carpet, which is easier to reuse and recycle. Freeman Classic dark-colored carpets are made of 20-50 percent recycled content.

3 shipping

Online + before deadline = better bottom line. Take advantage of early-bird pricing and consolidate shipping when ordering supplies.

Choose reusable shipping padding. Avoid packing peanuts and foam plastic materials that never decompose.

Ship early. Use the 30-day policy to ship materials to the Freeman advance warehouse.

4 graphics

Option 1 Multiple Use

Print on a durable substrate **without dates, event names, or locations.**

Option 2 One-time Use

Print on 100 percent recyclable materials like Freeman Honeycomb and Smartbuild Eco, which are just as cost-effective as PVC.

5 printing

Reduce printing and **go digital** with your booth literature.

Print locally. Supporting local businesses while reducing shipping? It's a win-win.

Print on at least **50 percent post-consumer recycled paper.**

FREEMAN method of payment

PAYMENT & LABOR

YOU ARE ENTERING A CONTRACT WHICH LIMITS YOUR POSSIBLE RECOVERY IN CASE OF LOSS OR DAMAGE.

The terms and conditions set forth below become a part of the Contract between FREEMAN and you, the EXHIBITOR. Acceptance of said terms and conditions will be construed when any of the following conditions are met:

- THE METHOD OF PAYMENT FORM IS SIGNED; OR
- AN ORDER FOR LABOR, SERVICES AND/OR RENTAL EQUIPMENT IS PLACED BY EXHIBITOR WITH FREEMAN; OR
- WORK IS PERFORMED ON BEHALF OF EXHIBITOR BY LABOR SECURED THROUGH FREEMAN.

DEFINITIONS

For purposes of this Contract, "FREEMAN" or "The Freeman Companies" means Freeman Expositions, Inc., Freeman Expositions, Ltd., Freeman Audio Visual, Inc., Exhibit Surveys, Inc., Freeman Exhibit, Freeman Transportation, FreemanXP, Inc., Stage Rigging, Inc., The Freeman Company, Freeman Electrical, Inc., Freeman Digital Ventures, Inc., and their respective employees, directors, officers, agents, assigns, affiliated companies, and related entities including, but not limited to, any subcontractors FREEMAN may appoint. The term "EXHIBITOR" means the Exhibitor, its employees, agents, representatives, and any Exhibitor Appointed Contractors ("EAC").

PAYMENT TERMS

Full payment, including any applicable tax, is due in advance or at show site. All payments must be in U.S. secure funds and all checks must be drawn on a U.S. bank. Orders received without advance payment or after the deadline date will incur additional charges as indicated on each order form. Payment for Audio Visual services and equipment is due in advance of move-in, unless otherwise agreed in writing with Freeman. All materials and equipment are on a rental basis for the duration of the show or event and remain the property of FREEMAN except where specifically identified as a sale. All rentals (excluding Audio Visual equipment and computers) include delivery, installation, and removal from EXHIBITOR'S booth. Rental prices on Audio Visual equipment and computers do not include labor, delivery, electrical services or removal of the equipment from the booth. In case of cancellation of any orders or services by EXHIBITOR, a one-hour "per person, per hour" charge will be applied for all labor orders that are not canceled in writing at least 24 hours prior to the scheduled start time. If Prestige Carpet, Custom-Cut Carpet, Modular Rental Exhibits and any other custom-order items or services have already been provided at the time of cancellation, fees will remain at 100% of the original charge. Audio Visual orders cancelled within 7 days from the show opening date will be charged a one-day rental rate on equipment. On-site cancellation of Audio Visual services will result in a one-day rental charge of equipment and any applicable labor. If the Show or Event is canceled because of reasons beyond FREEMAN'S control, EXHIBITOR remains responsible for all charges for services and equipment provided up to and including the date of cancellation. FREEMAN will not issue refunds to EXHIBITOR of any payments made before the date of cancellation. It is EXHIBITOR'S responsibility to advise the FREEMAN Service Center Representative of problems with any orders, and to check the EXHIBITOR'S invoice for accuracy prior to the close of the Show or Event. If EXHIBITOR is exempt from payment of sales tax, FREEMAN requires an exemption certificate for the State in which the services are to be used. Resale certificates are not valid unless EXHIBITOR is rebilling these charges to its customers. For International EXHIBITORS, FREEMAN requires 100% prepayment of advance orders, and any order or services placed at show site must be paid at the show. For all others, should there be any pre-approved unpaid balance after the close of the show; terms will be net, due and payable in DALLAS, TEXAS upon receipt of invoice. Effective 30 days after invoice date, any unpaid balance will bear a FINANCE CHARGE at the lesser of the maximum rate allowed by applicable law, or 1.5% per month, which is an ANNUAL PERCENTAGE RATE of 18%, and future orders will be on a prepaid basis only. If any finance charge hereunder exceeds the maximum rate allowed by applicable law, the finance charge shall automatically be reduced to the maximum rate allowed, and any excess finance charge received by FREEMAN shall be either applied to reduce the principal unpaid balance or refunded to the payer. If past due invoices or invoice balances are placed with a collection agency or attorney for collection or suit, EXHIBITOR agrees to pay all legal and collection costs. THESE PAYMENT TERMS AND CONDITIONS SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF TEXAS. In the event of any dispute between the EXHIBITOR and FREEMAN relative to any loss, damage, or claim, such EXHIBITOR shall not be entitled to and shall not withhold payment, or any partial payment, due to FREEMAN for its services, as an offset against the amount of any alleged loss or damage. Any claims against FREEMAN shall be considered a separate transaction, and shall be resolved on its own merits. FREEMAN reserves the right to charge EXHIBITOR for the difference between the EXHIBITOR'S estimate of charges and the actual charges incurred by EXHIBITOR, or for any charges that FREEMAN may be obligated to pay on behalf of EXHIBITOR, including without limitation, any shipping charges. If EXHIBITOR provides a credit card for payment and charges are rejected by the EXHIBITOR'S credit card company for any reason, FREEMAN hereby provides notice that it reserves the right, and EXHIBITOR authorizes FREEMAN, to continue to attempt to secure payment through that credit card for as long as unpaid balances remain on the EXHIBITOR'S account. In the event that a THIRD PARTY orders on behalf of the EXHIBITOR and the named THIRD PARTY does not discharge payment of the invoice prior to the last day of the show, charges will revert back to the EXHIBITOR. All invoices are due and payable upon receipt, by either party.

ELECTRICAL

If FREEMAN provides electrical services, claims will not be considered, or adjustments made unless filed in writing, by EXHIBITOR, prior to the close of the event. FREEMAN is not responsible for any damage or loss caused by the loss of power beyond its control and EXHIBITOR agrees to hold FREEMAN, its officers, directors, employees and agents harmless from such power loss. IN NO EVENT SHALL FREEMAN BE LIABLE FOR ANY INDIRECT OR CONSEQUENTIAL DAMAGES (INCLUDING WITHOUT LIMITATION LOST PROFITS) EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, WHETHER UNDER THEORY OF CONTRACT, TORT (INCLUDING NEGLIGENCE), PRODUCTS LIABILITY OR OTHERWISE. EXHIBITOR shall indemnify and hold harmless FREEMAN, its officers, directors, employees, and agents from and against any and all claims, liabilities, damages, fines, penalties or costs of whatsoever nature (including reasonable attorneys' fees) arising out of or in any way connected with EXHIBITOR'S actions or omissions under this Agreement. Please note that electrical services are NOT automatically included in Audio Visual rentals and must be ordered separately from the designated electrical provider.

LABOR UNDER THE SUPERVISION OF EXHIBITOR RESPONSIBILITIES

EXHIBITOR shall be responsible for the performance of labor provided under this option. It is the responsibility of EXHIBITOR to supervise labor secured through FREEMAN in a reasonable manner as to prevent bodily injury and/or property damage and also to direct them to work in a manner that is in compliance with FREEMAN'S Safe Work Rules and/or Federal, State, County and Local ordinances, rules and/or regulations, including but not limited to Show or Facility Management rules and/or regulations. If any labor secured through Freeman is conducting overhead work, the Exhibitor is responsible for ensuring that everyone in the area of overhead work is wearing a hard hat. If the Exhibitor does not have its own hard hats, Freeman can assist with obtaining them. It is the responsibility of EXHIBITOR to check in with the Service Desk to pick up labor, and to return to the Service Desk to release labor when the work is completed.

INDEMNIFICATION

EXHIBITOR agrees to indemnify, hold harmless, and defend FREEMAN from and against any and all demands, claims, causes of action, fines, penalties, damages, liabilities, judgments, and expenses (including but not limited to reasonable attorneys' fees and investigation costs) for bodily injury, including any injury to FREEMAN employees, and/or property damage arising out of work performed by labor provided by FREEMAN but supervised by EXHIBITOR. Further, the EXHIBITOR'S indemnification of FREEMAN includes any and all violations of Federal, State, County or Local ordinances, "Show Regulations and/or Rules" as published and/or set forth by Facility or Show Management, and/or directing labor provided by FREEMAN to work in a manner that violates any of the above rules, regulations, and/or ordinances.

IMPORTANT

PLEASE REFER TO FREEMAN'S "MATERIAL HANDLING TERMS & CONDITIONS" AS IT RELATES TO MATERIAL HANDLING SERVICES AND TO THE "SERVICE REQUEST & SHIPPING INSTRUCTIONS CONTRACT" AS IT RELATES TO TRANSPORTATION SERVICES. CONTRACT TERMS DEPEND ON THE NATURE OF SERVICES SECURED BY EXHIBITOR THROUGH FREEMAN. TERMS & CONDITIONS MAY VARY FOR EACH TYPE OF SERVICE ORDERED THROUGH FREEMAN.

All MHA's submitted to Freeman by Exhibitor will be checked at the time of pickup from the booth and corrections will be made where discrepancies exist between the quantities of items on any form submitted to Freeman and the actual count of such items in the booth at the time of pickup. Freeman is not responsible for any wait time or other charges including business center charges arising from delivery or pickup of Exhibitor's materials.

All claims reported after thirty (30) days will be rejected. In no event shall a suit or action be brought against Freeman **more than one (1) year** after the date of loss or damage occurred.

a. PAYMENT FOR SERVICES MAY NOT BE WITHHELD. In the event of any dispute between the Exhibitor and Freeman relative to any loss, damage, or claim, Exhibitor shall not be entitled to and shall not withhold payment due Freeman for its services as an offset against the amount of any alleged loss or damage. Any claims against Freeman shall be considered a separate transaction and shall be resolved on their own merits.

b. MAXIMUM RECOVERY. If found liable for any loss, Freeman's sole and exclusive maximum liability for loss or damage to Exhibitors materials and Exhibitor's sole and exclusive remedy is limited to \$50 (USD) per pound per article with a maximum liability of \$100.00 (USD) per item, or \$1,500.00 (USD) per shipment whichever is less. All shipment weights are subject to correction and final charges determined by the actual or re-weighted weight of the shipment.

SUCH EXCLUDED DAMAGES INCLUDE BUT ARE NOT LIMITED TO LOST PROFITS, LOSS OF USE, AND INTERRUPTION OF BUSINESS OR OTHER CONSEQUENTIAL OR INDIRECT ECONOMIC LOSSES.

The term "Shipper" means the person or business for whom the property is being transported, and includes their respective employees, officers, directors, agents, assigns, affiliated companies, and contractors appointed by the Shipper, excluding only Freeman. "Property" is all objects of any type received from the Shipper for transport by Freeman as described herein. "Consignee" is the party to whom Shipper has designated the goods are to be delivered.

2. FINAL CONTRACT BETWEEN THE PARTIES: In exchange for Shipper's payments and Freeman's services, which the parties have specified in this two-page Contract (including the Air Cargo Service Request and Shipping Instructions), Freeman and Shipper each agree that this Contract shall govern their respective rights and obligations regarding transportation of Shipper's property. This Contract shall take effect when the property first comes into the physical possession of Freeman, and the responsibility of Freeman under same shall end when the property has been placed in the possession of the Consignee or the Consignee's designated agent. If any part or provision of this Contract is found by a court of competent jurisdiction to be void or unenforceable, the remainder of the Contract shall continue in full force and effect.

3. Freeman's RESPONSIBILITIES UNDER THE CONTRACT ARE LIMITED: Freeman is responsible for the satisfactory performance of only those services which it directly provides under this Contract. Freeman shall not be responsible for the performance of individuals of firms who are not under the direct supervision or control of Freeman. Freeman shall not be responsible for events or causes of loss, delay, or damage beyond its reasonable control, including (by way of illustration only, and not as a limitation on the breadth of this clause), strike, lockout, work slowdown or stoppage, power failure, breakdown of plant or machinery, facility failure, vandalism, theft, Act of God, effect of natural elements, riot, civil commotion or disturbance, terrorism, act of war or belligerent parties, and any other cause or causes beyond the reasonable control of Freeman. 4. PACKAGING AND CRATES: Shipper's property must be well packaged for safe and secure handling, storage and shipment using ordinary care. Each piece must be legibly and durably marked with the name and address, including correct ZIP code of the Shipper and Consignee. When a container is used repeatedly by Shipper, Shipper must remove all old labels, tags, markings, etc., and Shipper must ensure that the container retains adequate strength for transportation. Freeman makes neither representation nor any warranty regarding the acceptability or suitability of any packaging system or procedure that Shipper might use for its property. Freeman shall not be responsible for damage to loose or uncrated materials, padded or shrink-wrapped materials, glass breakage, concealed damage, carpets in bags or poly, or improperly packed or labeled materials. Crates and packaging should be of a design to adequately protect contents for handling by forklift and similar means. General guidance as to acceptable packaging systems and procedures may be found in publications such as the National Motor Freight Classification, published by the National Motor Freight Traffic Association. For shipments of Perishable Commodities, U.S. and Canadian shipments must be packed to travel without spoilage for 72 hours from time of pickup; all international shipments must be packed to travel without spoilage for 24 hours beyond an agreed deadline. Freeman reserves the right to periodically embargo regions of the world due to conditions that may cause damage to perishable commodities. If the integrity of a shipment is in question, Freeman reserves the right to improve packaging at shipper's expense.

5. REFUSED SHIPMENTS: If the Consignee refuses a shipment tendered for delivery or if Freeman is unable to deliver a shipment because of fault or mistake of the Consignor or Consignee, Freeman's liability shall then become that of a warehouseman.

- Freeman shall promptly attempt to provide notice, by telephonic, electronic or written communication as provided on the face of these shipping instructions, if so indicated, to Shipper or the party, if any, designated to receive notice in these instructions.
- Storage charges, based on Freeman's applicable rates, shall start no sooner than the next business day following the attempted notification. Storage may be, at Freeman's option, in any location that provides reasonable protection against loss or damage. Freeman may place the shipment in public storage at the owner's expense and without liability to Freeman.
- If Freeman does not receive disposition instructions within 48 hours of the time of Freeman's attempted first notification, Freeman will attempt to issue a second and final confirmed notification. Such notice shall advise that if Freeman does not receive disposition instructions within 10 days of that notification, Freeman may offer the shipment for sale at a public auction and Freeman has the right to offer the shipment for sale. The amount of sale will be applied to Freeman's invoice for transportation, storage and other lawful charges. Shipper will be responsible for the balance of charges not covered by the sale of the goods. If there is a balance remaining after all charges and expenses are paid, such balance will be paid to the owner of the property sold hereunder, upon claim and proof of ownership.
- Where Freeman has attempted to follow the procedure set forth above and the procedure is not possible, nothing shall be construed to abridge the right of Freeman, at its option, to sell the property under such circumstances and in such manner as may be authorized by law.
- When perishable goods cannot be delivered and disposition is not given within a reasonable time, Freeman may dispose of property to the best advantage. Where Freeman is directed by Consignee or Consignor to unload or deliver property at a particular location where Consignor, Consignee, or the Agent of either is not regularly located, Freeman's liability for the shipment shall terminate after unloading or delivery.

6. LIMITATION ON SHIPPER'S RECOVERABLE DAMAGES: FREEMAN'S LIABILITY FOR DAMAGES ON DOMESTIC SHIPMENTS, INCLUDING BUT NOT LIMITED TO THOSE DAMAGES ARISING FROM OR RELATED TO MISDELIVERY, INCOMPLETE OR OTHERWISE INADEQUATE DELIVERY (INCLUDING BUT NOT LIMITED TO FAILURE TO FOLLOW SHIPPER OR CONSIGNEE INSTRUCTIONS OR FAILURE TO COLLECT OR PROPERLY DELIVER A PAYMENT INSTRUMENT), NONDELIVERY, MISSED PICKUP, AND LOSS OF OR DAMAGE TO CARGO, SHALL BE LIMITED TO THE HIGHER OF \$50.00 (USD) PER SHIPMENT OR \$.50 (USD) PER POUND (\$1.10 (USD) PER KILOGRAM) OF CARGO ADVERSELY AFFECTED THEREBY, PLUS TRANSPORTATION CHARGES APPLICABLE TO THAT PART OF THE SHIPMENT ADVERSELY AFFECTED THEREBY, UNLESS AT TIME OF SHIPMENT THE SHIPPER MAKES A DECLARATION OF VALUE FOR CARRIAGE IN THE SPACE DESIGNATED ON THE SERVICE REQUEST AND SHIPPING INSTRUCTIONS FORM AND PAYS THE APPROPRIATE VALUATION CHARGE. IN NO EVENT SHALL FREEMAN'S LIABILITY EXCEED THE DECLARED VALUE OF THE SHIPMENT OR THE AMOUNT OF LOSS OR DAMAGE ACTUALLY SUSTAINED, WHICHEVER IS LOWER. IF CARRIAGE OF THE SHIPMENT IS SOLELY OR PARTLY BY AIR AND INVOLVES AN ULTIMATE DESTINATION OR A STOP IN A COUNTRY OTHER THAN THE COUNTRY OF DEPARTURE, Freeman's LIABILITY FOR CARGO LOST, DAMAGED OR DELAYED SHALL BE LIMITED TO \$9.07 PER POUND (\$20.00 PER KILOGRAM) FOR CARRIAGE SUBJECT TO THE UNAMENDED WARSAW CONVENTION OR THE WARSAW CONVENTION AS AMENDED BY THE HAGUE PROTOCOL OF 1955, 17 SPECIAL DRAWING RIGHTS PER KILOGRAM FOR CARRIAGE SUBJECT TO THE WARSAW CONVENTION AS AMENDED BY THE MONTREAL PROTOCOL NO. 4 OF 1975, OR \$9.07 PER POUND (\$20.00 PER KILOGRAM) FOR CARRIAGE WHERE THE WARSAW CONVENTION, INCLUDING ITS AMENDMENTS, DOES NOT APPLY FOR ANY REASON, UNLESS A HIGHER DECLARED VALUE IS REQUESTED, AND THE FEES SET FORTH IN THE SERVICE GUIDE FOR SUCH HIGHER DECLARED VALUE ARE PAID. FOR INTERNATIONAL SHIPMENTS, THIS SHIPPING REQUEST AND SHIPPING INSTRUCTION CONTRACT SHALL BE DEEMED AN AIR WAYBILL WITHIN THE MEANING OF THE WARSAW CONVENTION.

Notwithstanding the above limitations, domestic shipments containing the following items of extraordinary value are limited to a maximum declared value of \$500.00 (USD):

- artworks and objects of art, including without limitation original paintings, drawings, etchings, water colors, tapestries and sculpture;
 - clocks, watches, jewelry (including costume jewelry), furs and fur-trimmed clothing;
 - personal effects;
 - and other inherently fragile or unique items, including prototypes, etc.
- Any declared value in excess of the maximums allowed herein is null and void, and the acceptance by Freeman for carriage of any shipment with a declared value in excess of the allowed maximums does not constitute a waiver of these maximums. Shipper understands that even if Shipper is not able to participate or fully participate in a show due to loss of, theft of, or damage to its property, Freeman shall never be liable or responsible for damages identified by the terms (by way of example only and not in limitation of the breadth of this clause) such as the following: consequential damages, loss of use damages, loss of profits damages, business interruption damages, delay damages, special damages, collateral damages, exemplary damages, damages awarded for gross negligence, direct damages, indirect damages, damages for failure of performance, breach of contract damages, fraud damages, or any other sort of damage for tort or breach of contract. This limitation shall bind the parties:
- whenever or wherever the claimed loss or damage may occur;
 - even though the alleged loss or damage is claimed to result from negligence, strict liability, products liability, breach of contract, breach of statute or regulation, or any other legal theory or cause, and;
 - even though Freeman may have been advised or be on notice of the possibility or even the probability of such damages. Freeman makes no warranties, express or implied, and expressly disclaims any and all warranties. Except for Freeman's failure to deliver in accordance with the Guaranteed Service section of the Service Guide, Freeman will not be liable for misdelivery, incomplete or otherwise inadequate delivery (including but not limited to failure to follow Shipper or Consignee instructions or failure to collect or properly deliver a payment instrument), non-delivery, missed pickup, delay on International shipments, loss or damage unless caused by Freeman's sole negligence.

7. SHIPPER'S RESPONSIBILITIES AND INDEMNIFICATION:

- Shipper must pay in full for the services rendered under this Contract at the time the services are requested. The existence of a dispute between Shipper and Freeman relative to any claim or other matter shall have no bearing on this duty of payment. No claim submitted by or on behalf of Shipper will be processed unless Shipper's account is current.
- Shipper understands and acknowledges that Freeman does not accept or transport illegal, dangerous or hazardous materials of any kind or nature. Shipper warrants and ensures that its property is inert, and contains no Hazardous Substances, Hazardous Materials, Chemicals, Gases, Explosives, Radioactive Materials, Biologically Hazardous agents, or any other substance, matter or object in any form that could pose a threat to the health or safety of persons, property or the public welfare in general. Such goods may be warehoused at owner's risk and expense or destroyed without compensation.
- Shipper shall defend and indemnify Freeman, its employees, directors, officers, and agents from and against any and all demands, claims, causes of action, fines, penalties, damages (including consequential), liabilities, judgments, and expenses (including but not limited to reasonable attorneys' fees and investigation costs) on account of personal injury, death, or damage to or loss of property or profits arising out of or contributed to by any of the following: Shipper's negligence, willful misconduct, or deliberate act; Shipper's violation of Federal, State, County or Local ordinances; Shipper's violation of Show Regulations and/or Rules as published and set forth by Facility and/or Show Management; and/or Shipper's failure to comply with (b) of this Agreement regarding the inclusion of any dangerous substances in the property placed with Freeman.

8. CLAIMS: Shipper, Consignee, or any other party claiming an interest in the shipment must notify Freeman immediately upon delivery, or in the case of loss or damage which could not have been noted at the time of delivery, within five (5) business days of delivery, of any loss or damage to the shipment. Notice of concealed damage must be confirmed in writing or via email at exhibit.transportation@freeman.com within 5 business days of receipt of the property. If Carrier schedules an inspection, claimant must hold the shipping container, all packaging material and contents in the same condition as they were in when damage was discovered. Receipt of the shipment by the Consignee or the Consignee's agent without written notice on the delivery receipt and/or delivery manifest will be prima facie evidence that the shipment was delivered in good condition. The amount of the claim may not be deducted from the transportation charges. Notice of loss or damage MUST be reported to Freeman at 800-995-3579. The shipment, its container(s), and packing material must be made available to Freeman for inspection at the delivery location. All shipments are subject to opening for inspection by Freeman; however, Freeman is not obligated to perform such inspection. All claims for loss or damage MUST be made in writing to Freeman within one hundred and twenty (120) calendar days after the date of acceptance of the shipment by Freeman. Please refer to the Service Guide for claim procedures. All claims for service failure must be made within thirty (30) calendar days from the date of shipment and Freeman's sole liability for such claims arising from Guaranteed Service shipments shall be limited to the transportation charges as provided in the Guaranteed Service section of the Service Guide. All claims for overcharge must be made in writing to Freeman within sixty (60) calendar days after the invoice date. No claim for loss or damage may be maintained against Freeman unless (a) claimant complies with all requirements of this section and (b) for domestic shipments, if the claimant commences the action within one (1) year of the shipment by Freeman unless otherwise required by International, Federal or State Law. If the claim is for loss or damage involving International shipments, claimant must commence the action within two (2) years from the date of acceptance of the shipment by Freeman unless otherwise required by International, Federal or State Law. For purposes of this section, no action shall be deemed to have commenced until receipt by Freeman of service of process of the action on Freeman. Claims for loss or damage must be delivered to the following address: Sedgwick, PO Box 14151, Lexington, KY 40512-4151.

For shipping containers designed for repeated use (tradeshow cases, totes, crates), Freeman shall have no liability for superficial damage to said containers in the form of scuffs, scratches, dents or dings. Freeman will only accept liability for "catastrophic" damage to these shipping containers (crushing, puncture, or complete destruction). Freeman's maximum liability in cases of "catastrophic" damage or total loss will be limited to a depreciated value of the container based on the time elapsed from the original purchase and the purchase price established on the provided original invoice. This maximum liability will be subject to all other applicable limits of liability such as repair costs.

9. CHOICE OF FORUM: THIS CONTRACT SHALL BE CONSTRUED UNDER THE LAWS OF THE UNITED STATES (INCLUDING ADOPTED INTERNATIONAL CONVENTIONS) AND THE STATE OF TEXAS WITHOUT GIVING EFFECT TO THE STATE'S CONFLICT OF LAWS RULES. FREEMAN AND SHIPPER AGREE THAT ANY CLAIM OR DISPUTE OF ANY SORT ARISING OUT OF OR IN ANY WAY RELATED TO THIS CONTRACT, ITS PERFORMANCE OR NONPERFORMANCE, OR DAMAGES ALLEGEDLY RESULTING FROM SAME WILL BE ARBITRATED IN THE CITY OF DALLAS, TEXAS, AND THE RULES OF THE AMERICAN ARBITRATION ASSOCIATION WILL APPLY. IF BINDING ARBITRATION IS UNAVAILABLE TO RESOLVE ANY CONTROVERSY AND IT IS NECESSARY TO LITIGATE THE DISPUTE, THE DISPUTE SHALL BE LITIGATED IN A COURT OF COMPETENT JURISDICTION IN DALLAS COUNTY, TEXAS.

10. MISCELLANEOUS: Shipper warrants the accuracy of the weight and dimension data furnished in this Contract. Shipper understands that once its property is shipped by Freeman pursuant to the instructions contained in this Contract, Shipper has no right to control the shipment; stop the shipment in transit, or divert or reschedule same, and that Shipper will have no control over the property until it is delivered pursuant to the instructions in this Contract. Shipper agrees that this Contract may be provided to any third party, including common or contract carriers of cargo by air, water, rail, or road, for the purpose of confirming the right of Freeman to control the handling of the property and all matters related to payment for the shipment.

MOTOR CARGO

MOTOR CARGO SERVICE REQUEST AND SHIPPING INSTRUCTIONS CONTRACT

This Contract establishes your legal obligations with regard to the property described herein being shipped with Freeman Transportation. It specifically limits your rights and possible recovery if your property is lost or damaged. You must accept all terms and conditions of this Contract. You confirm that you have read and agree with all the terms and conditions of this Contract by receipt without contest. This Contract may not be waived or varied, except in writing, and then only by an authorized representative of Freeman.

1. DEFINITIONS. In this Contract, "Freeman" means Freeman Expositions, Inc., and its respective employees, officers, directors, agents, assigns, affiliated companies, and related entities including any contractors appointed by Freeman. The term "Shipper" means the person or business for whom the property is being transported, and includes their respective employees, officers, directors, agents, assigns, affiliated companies, and contractors appointed by the Shipper, excluding only Freeman. "Property" is all objects of any type received from the Shipper for transport by Freeman as described herein. "Consignee" is the party to whom Shipper has designated the goods are to be delivered.

2. FINAL CONTRACT BETWEEN THE PARTIES. In exchange for Shipper's payments and Freeman's services, which the parties have specified in this Contract, Freeman and Shipper each agree that this Contract shall govern their respective rights and obligations regarding transportation of Shipper's property. This Contract shall take effect when the property first comes into the physical possession of Freeman for inbound shipments and after loading on the applicable carrier for outbound shipments, and the responsibility of Freeman under same shall end when the property has been placed in the possession of the Consignee or the Consignee's designated agent. If any part or provision of this Contract is found by a court of competent jurisdiction to be void or unenforceable, the remainder of the Contract shall continue in full force and effect.

3. FREEMAN'S RESPONSIBILITIES UNDER THE CONTRACT ARE LIMITED. Freeman shall not be responsible for the performance of individuals or firms who are not under the direct supervision or control of Freeman. Freeman shall not be responsible for events or causes of loss, delay, or damage beyond its reasonable control, including (by way of illustration only, and not as a limitation on the breadth of this clause), strike, lockout, work slowdown or stoppage, power failure, breakdown of plant or machinery, facility failure, vandalism, theft, Act of God, effect of natural elements, riot, civil commotion or disturbance, terrorism, act of war or belligerent parties, and any other cause or causes beyond the reasonable control of Freeman. Freeman shall not be liable for delay caused by highway obstructions, or faulty or impassable highways, or lack of capacity of any highway, bridge, or ferry, or caused by breakdown or mechanical defects of vehicles or equipment, or from any cause other than the negligence of Freeman. Freeman shall not be bound to transport by any particular schedule, means, vehicle or otherwise, other than with reasonable dispatch.

4. PACKAGING AND CRATES. Shipper's property must be well packaged for safe and secure handling, storage and shipment using ordinary care. Freeman makes neither representation nor any warranty regarding the acceptability or suitability of any packaging system or procedure that Shipper might use for its property. Freeman shall not be responsible for damage to loose or uncrated materials, padwrapped or shrink-wrapped materials, glass breakage, concealed damage, carpets in bags or poly, or improperly packed or labeled materials. Crates and packaging should be of a design to adequately protect contents for handling by forklift and similar means. General guidance as to acceptable packaging systems and procedures may be found in publications such as the National Motor Freight Classification, published by the National Motor Freight Traffic Association. If the integrity of a shipment is in question, Freeman reserves the right to improve packaging at shipper's expense.

5. PERISHABLE GOODS. Goods of a perishable nature are carried in dry trailers without environmental or atmospheric control or other special services unless Shipper states on the face of the "Service Request and Shipping Instructions" that the goods are to be carried in a refrigerated, heated, specially ventilated or otherwise specially equipped trailer. This carriage may be subject to additional charges. Shipper is responsible for bringing the goods to the proper temperature before loading the goods into the trailer, for the proper stowage of the goods within the trailer, and for setting the temperature (including maintenance and repair), during all times after the trailer is spotted by Freeman and before the trailer is received by Freeman. Freeman is not responsible for product deterioration caused by inherent vice, defects in the merchandise or transit times in excess of product shelf life. Refrigerated, heated, specially ventilated or otherwise specially equipped trailers are not equipped to change the temperature of goods (they are equipped only to maintain temperature). Shipper will give written notice of requested temperature setting of the thermostatic controls before receipt of the goods by Freeman. When a loaded trailer is received, Freeman will verify that the thermostatic controls are set to maintain trailer temperature as requested. Freeman is unable to determine whether the goods were at the proper temperature when they were loaded into the trailer or when the trailer is delivered to Freeman. Air temperature at the unit sensor will be maintained within a proper range of plus or minus 5 degrees Fahrenheit of the temperature requested by Shipper on the face of the "Service Request and Shipping Instructions" if the goods were at that temperature when loaded into the container and if the temperature controls were properly set when the container was loaded.

6. REFUSED SHIPMENTS. If the Consignee refuses a shipment tendered for delivery or if Freeman is unable to deliver a shipment because of fault or mistake of Freeman, Freeman's liability shall then become that of a warehouseman.

(a) Freeman shall promptly attempt to provide notice, by telephonic, electronic or written communication as provided on the face of these shipping instructions, if so indicated, to Shipper or the party, if any, designated in these instructions to receive notice.

(b) Storage charges, if applicable, shall start no sooner than the next business day following the attempted notification. Storage may be, at Freeman's option, in any location that provides reasonable protection against loss or damage. Freeman may place the shipment in public storage at the owner's expense and without liability to Freeman.

(c) If Freeman does not receive disposition instructions within 48 hours of the time of Freeman's attempted first notification, Freeman will attempt to issue a second and final confirmed notification. Such notice shall advise that if Freeman does not receive disposition instructions within 10 days of that notification, Freeman may offer the shipment for sale at a public auction and Freeman has the right to offer the shipment for sale. The amount of sale will be applied to Freeman's invoice for transportation, storage and other lawful charges. Shipper will be responsible for the balance of charges not covered by the sale of the goods. If there is a balance remaining after all charges and expenses are paid, such balance will be paid to the owner of the property sold hereunder, upon claim and proof of ownership.

(d) Where Freeman has attempted to follow the procedure set forth above and the procedure is not possible, nothing shall be construed to abridge the right of Freeman, at its option, to sell the property under such circumstances and in such manner as may be authorized by law.

(e) When perishable goods cannot be delivered and disposition is not given within a reasonable time, Freeman may dispose of property to the best advantage. When Freeman is directed by Consignee or Consignor to unload or deliver property at a particular location where Consignor, Consignee, or the Agent of either is not regularly located, Freeman's liability for the shipment shall terminate after unloading or delivery.

7. INSURANCE. Freeman IS NOT AN INSURER. Shipper is responsible for obtaining insurance for its property. Freeman provides no insurance for Shipper or its property.

8. LIMITATION ON SHIPPER'S RECOVERABLE DAMAGES. Shipper understands that even if shipper's property is lost, stolen, or damaged, Freeman does not pay replacement or restoration cost of any property. **FREEMAN'S MAXIMUM LIABILITY SHALL BE THE AMOUNT OF PROVEN ACTUAL VALUE NOT EXCEEDING THE LOWER OF FAIR MARKET VALUE.**

(THE "FAIR MARKET VALUE" EQUALS THE AS IS WHERE IS PRICE FOR THE PROPERTY AT THE LOCATION OF THE SHOW TO WHICH PRICE A WILLING BUYER AND A WILLING SELLER WOULD AGREE IN AN ORDINARY COURSE OF BUSINESS, ARM'S LENGTH SALE.) OR \$5.00 (USD) PER POUND OF CARGO LOST OR DAMAGED UNLESS AT THE TIME OF SHIPMENT SHIPPER MAKES A DECLARATION OF VALUE FOR CARRIAGE IN THE SPACE DESIGNATED ON THE SHIPPING INSTRUCTIONS AND PAYS THE APPROPRIATE VALUATION CHARGE. Even if Shipper has made a declaration of value, liability shall never exceed the depreciated original invoice value or the fair market value of the property, whichever is less. The value per pound for applying declared valuation charges shall be determined by dividing Shipper's declared value for carriage by the actual weight of the shipment. In all cases not prohibited by law, where a lower value than the actual value of the said property has been stated in writing by Shipper or has been agreed upon in writing as the released value of the property upon which the rate is based, such lower value plus freight charges, if paid, shall be the maximum recoverable amount for loss or damage. **Notwithstanding the above limitations, all shipments containing the following items of extraordinary value are limited to a maximum declared value of \$500.00 (USD):** (a) Artworks and objects of art, including without limitation, original paintings, drawings, etchings, watercolors, tapestries and sculptures or prototypes; (b) Clocks, jewelry, including costume jewelry, furs, and fur-trimmed clothing; (c) Personal effects, including without limitation, papers and documents; or (d) Coin money, currency, gift certificates, debit cards, credit cards, and any other items of extraordinary value. (e) For either unmarked, unlabeled, or improperly packaged television monitors, the maximum liability is the lesser of \$3.00 (USD) per pound or the actual invoice price.

Any declared value in excess of the maximums allowed herein is null and void, and the acceptance by Freeman for carriage of any shipment with a declared value in excess of the allowed maximums does not constitute a waiver of these maximums. In any event, (excluding small package program shipments) **Freeman's MAXIMUM LIABILITY WILL NEVER BE MORE THAN \$100,000 PER SHIPMENT.** Shipper understands that even if Shipper is not able to participate or fully participate in a Show due to loss of, theft of, or damage to their property, Freeman shall not be liable or responsible for damages identified by the terms (by way of example only and not in limitation of the breadth of this clause) such as the following: consequential damages, loss of use damages, loss of profits damages, business interruption damages, delay damages, special damages, collateral damages, exemplary damages, damages awarded for gross negligence, direct damages, indirect damages, or damages for failure of performance, breach of contract damages, fraud damages, or any other sort of damage for tort or breach of contract. This limitation shall bind the parties: **(a) WHENEVER OR WHEREVER THE CLAIMED LOSS OR DAMAGE MAY OCCUR; (b) EVEN THOUGH THE ALLEGED LOSS OR DAMAGE IS CLAIMED TO RESULT FROM NEGLIGENCE, STRICT LIABILITY, PRODUCTS LIABILITY, BREACH OF CONTRACT, BREACH OF STATUTE OR REGULATION, OR ANY OTHER LEGAL THEORY OR CAUSE, AND; (c) EVEN THOUGH FREEMAN MAY HAVE BEEN ADVISED OR BE ON NOTICE OF THE POSSIBILITY OR EVEN THE PROBABILITY OF SUCH DAMAGES.**

9. SHIPPER'S RESPONSIBILITIES AND INDEMNIFICATION:

(a) Shipper must pay in full for the services rendered under this Agreement at the time the services are requested. The existence of a dispute between Shipper and Freeman relative to any claim or other matter shall have no bearing on this duty of payment. No claim may be submitted by or on behalf of Shipper to Freeman unless Shipper's account is current.

(b) Shipper understands and acknowledges that Freeman does not accept or transport illegal or hazardous materials of any kind or nature. Shipper warrants and will ensure that its property is inert, and contains no Hazardous Substances, Hazardous Materials, Chemicals, Gasses, Explosives, Radioactive Materials, Biologically hazardous agents, or any other substance, matter or object in any form that could pose a threat to the health or safety of Freeman persons, property, or the public welfare in general. Such goods may be warehoused at owner's risk and expense or destroyed without compensation.

(c) Shipper shall defend and indemnify Freeman, its employees, directors, officers, and agents from and against any and all demands, claims, causes of action, fines, penalties, damages (including consequential), liabilities, judgments, and expenses (including but not limited to reasonable attorneys' fees and investigation costs) on account of personal injury, death, or damage to or loss of property or profits arising out of or contributed to by any of the following: Shipper's negligence, willful misconduct, or deliberate act; Shipper's violation of Federal, State, County or Local ordinances; Shipper's violation of Show Regulations and/or Rules as published and set forth by Facility and/or Show Management; and/or Shipper's failure to comply with subsection (b) of this section regarding the inclusion of any dangerous substances in the property placed with Freeman.

10. CLAIMS. Claims must be filed in writing within nine (9) months after the date of delivery of the property (or in the case of export traffic, within nine (9) months after delivery at the port of export), except that claims for failure to make delivery must be filed within nine (9) months after a reasonable time for delivery has elapsed. Suits for loss, damage, or delay shall be instituted against Freeman no later than two (2) years and one (1) day from the day when written notice is given by Freeman to the claimant that Freeman has disallowed the claim or any part or parts of the claim specified in the notice. Shipper shall deliver notice of claim for loss or damage by hand, U.S. mail, courier, facsimile, or electronic means to Sedgwick, PO Box 14151, Lexington, KY 40512-4151 as soon as loss or damage is discovered. The notice of claim shall invite a prompt joint survey of the damage, at a time and place to be agreed between the parties, and such survey shall go forward promptly. However, if in any case the property is received by the Consignee or the Consignee's agent without notice of loss or damage to property being served on Freeman within 5 business days of the receipt of the property, it is agreed between Freeman and Shipper that in that instance the presumption shall arise that the property was delivered in proper quantity and in good condition. Notice of concealed damage must be confirmed in writing or via email at exhibit.transportation@freeman.com within 5 business days of receipt of the property. If Carrier schedules an inspection, claimant must hold the shipping container, all packaging material and contents in the same condition as they were in when damage was discovered. Claims filed more than nine (9) months following the date on which the property was delivered or should have been delivered are agreed to be forever time barred.

For shipping containers designed for repeated use (tradeshow cases, totes, crates), Freeman shall have no liability for superficial damage to said containers in the form of scuffs, scratches, dents or dings. Freeman will only accept liability for "catastrophic" damage to these shipping containers (crushing, puncture, or complete destruction). Freeman's maximum liability in cases of "catastrophic" damage or total loss will be limited to a depreciated value of the container based on the time elapsed from the original purchase and the purchase price established on the provided original invoice. This maximum liability will be subject to all other applicable limits of liability such as repair costs.

11. CHOICE OF FORUM / ARBITRATION. THIS CONTRACT SHALL BE CONSTRUED UNDER THE LAWS OF THE STATE OF TEXAS WITHOUT GIVING EFFECT TO ITS CONFLICT OF LAWS RULES. EXCLUSIVE VENUE FOR ALL DISPUTES ARISING OUT OF CONTRACT, TORT, COMMON LAW OR RELATING TO THE ENFORCEMENT OR INTERPRETATION OF THIS CONTRACT SHALL RESIDE IN A COURT OF COMPETENT JURISDICTION IN DALLAS COUNTY, TEXAS. Notwithstanding anything herein to the contrary, any controversy or claim arising out of or relating to this Agreement, or the breach thereof, shall be exclusively settled by arbitration administered by the American Arbitration Association in accordance with its Commercial Arbitration Rules and judgment on the award rendered by the arbitrator(s) may be entered by any court having jurisdiction thereof.

12. MISCELLANEOUS. (a) Shipper warrants the accuracy of the weight and dimension data furnished in this Contract; (b) Shipper understands that once its property is shipped by Freeman pursuant to the instructions contained in this Contract, Shipper has no right to control the shipment, stop the shipment in transit, or divert or reschedule same. (c) Shipper agrees that this Contract may be provided to any third party, including common or contract carriers of cargo by air, water, rail, or road, for the purpose of confirming the right of Freeman to control the handling of the property and all matters related to payment for the shipment. Shipper agrees that all shipments are subject to correction and final charges determined by the actual or re-weighed weight of the shipment.

13. SMALL PACKAGE PROGRAM. If items shipped via Freeman's Small Packages program are lost, damaged or destroyed while in Freeman's possession, **FREEMAN'S MAXIMUM LIABILITY SHALL BE \$100 per package UNLESS AT THE TIME OF SHIPMENT SHIPPER MAKES A DECLARATION OF VALUE IN THE SPACE DESIGNATED ON THE SHIPPING INSTRUCTIONS AND PAYS THE APPROPRIATE VALUATION CHARGE.** If small packages are received by the Shipper and notice of loss or damage is not received by Freeman within 15 days of the delivery of the property, the parties agree that the presumption shall arise that the property was delivered in proper quantity and in good condition.

WHAT ARE FREIGHT SERVICES?

As the official service contractor, Freeman is the exclusive provider of freight services. Material handling includes unloading your exhibit material, storing up to 30 days in advance at the warehouse address, delivering to the booth, the handling of empty containers to and from storage, and removing of material from the booth for reloading onto outbound carriers. It should not be confused with the cost to transport your exhibit material to and from the convention or event. You have two options for shipping your advance freight — either to the warehouse or directly to show site.

HOW DO I SHIP TO THE WAREHOUSE?

- We will accept freight beginning 30 days prior to show move-in.
- To check on your freight arrival, call Exhibitor Services at the location listed on the Quick Facts.
- To ensure timely arrival of your materials at show site, freight should arrive by the deadline date listed on the Quick Facts. Your freight will still be received after the deadline date, but additional charges will be incurred.
- The warehouse will receive shipments Monday through Friday, except holidays. Refer to the Quick Facts for warehouse hours. No appointment is necessary.
- The warehouse will accept crates, cartons, skids, trunks/cases and carpets/pads. Loose or pad-wrapped material must be sent directly to show site.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Shipments received without receipts or freight bills, such as Federal Express and UPS, will be delivered to the booth without guarantee of piece count or condition.
- Certified weight tickets must accompany all shipments.
- Warehouse freight will be delivered to the booth prior to exhibitor set up.

HOW DO I SHIP TO SHOW SITE?

- Freight will be accepted only during exhibitor move-in. Please refer to the Quick Facts for the specific exhibitor move-in dates and times.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Shipments received without receipts or freight bills, such as Federal Express and UPS, will be delivered to the booth without guarantee of piece count or condition.
- Certified weight tickets must accompany all shipments.

WHAT ABOUT PREPAID OR COLLECT SHIPPING CHARGES?

- Collect shipments will be returned to the delivery carrier.
- To ensure that your freight does not arrive collect, mark your bill of lading “prepaid.”
- “Prepaid” designates that the transportation charges will be paid by the exhibitor or a third party.

HOW SHOULD I LABEL MY FREIGHT?

- The label should contain the exhibiting company name, the booth number and the name of the event.
- The specific shipping address for either the warehouse or show site is located on the Quick Facts.

HOW DO I ESTIMATE MY MATERIAL HANDLING CHARGES?

- Charges will be based on the weight of your shipment. Each shipment received is billed individually and is subject to the applicable show weight minimum. The shipment weight will be rounded to the next 100 pounds. Each 100 pounds is considered one “cwt.” (one hundred weight). All shipments are subject to reweigh.
- On the Material Handling Order Form, select whether the freight will arrive at the warehouse or be sent directly to show site.
- Next, select the rate for the freight category that best describes your shipment. There are four categories of freight:

Crated: material that is skidded or is in any type of shipping container that can be unloaded at the dock with no additional handling required.

Special Handling: material delivered by the carrier in such a manner that it requires additional handling, such as ground unloading, stacked and constricted space unloading, designated piece unloading, loads mixed with pad-wrapped material, loads failing to maintain shipping integrity, and shipments that require additional time, equipment or labor to unload. Federal Express and UPS are included in this category due to their delivery procedures.

Uncrated: material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting points.

Carpet and/or Pad Only: shipments that consist of loose carpet and/or padding only require additional labor and equipment to unload.

- All inbound and outbound shipments are subject to overtime charges if the shipments are received, loaded or unloaded during the overtime hours specified on the Material Handling Order Form. This includes both warehouse and show site shipments.
- Add any late delivery or off-target charges listed on the Material Handling Order Form if the freight will be received after the deadlines listed on the Quick Facts.
- The above services, whether used completely or in part, are offered as a package and the charges will be based on the total inbound weight of the shipment.

WHAT HAPPENS TO MY EMPTY CONTAINERS DURING THE SHOW?

- Pick up “Empty Labels” at the Freeman Service Center. Once the container is completely empty, place a label on each container individually. Labeled empty containers will be picked up periodically and stored in non-accessible storage during the event.
- At the close of the show, the empty containers will be returned to the booth in random order. Depending on the size of the show, this process may take several hours.

HOW DO I PROTECT MY MATERIALS AFTER THEY ARE DELIVERED TO THE SHOW OR BEFORE THEY ARE PICKED UP AFTER THE SHOW?

- Consistent with trade show industry practices, there may be a lapse of time between the delivery of your shipment(s) to your booth and your arrival. The same is true for the outbound phase of the show — the time between your departure and the actual pick-up of your materials. During these times, your materials will be left unattended. We recommend that you arrange for a representative to stay with your materials or that you hire security services to safeguard your materials.

HOW DO I SHIP MY MATERIALS AFTER THE CLOSE OF THE SHOW?

- Each shipment must have a completed Material Handling Agreement in order to ship materials from the show. All pieces must be labeled individually.
- To save time, complete and submit the Outbound Shipping Form in advance, or you may contact the Freeman Service Center at show site for your shipping documents.
- Once we receive your outbound shipping information we will create your Material Handling Agreement and shipping labels. If the shipping information is provided in advance, the Material Handling Agreement will be delivered to your booth with your invoice. Otherwise the Material Handling Agreement and labels will be available for pick up at the Freeman Service Center.

- After materials are packed, labeled, and ready to be shipped, the completed Material Handling Agreement must be turned in at the Freeman Service Center.
- Call your designated carrier with pick-up information. Please refer to the Quick Facts for specific dates, times and address for pick up. In the event your selected carrier fails to show by the final move-out day, your shipment will either be rerouted on Freeman’s carrier choice or delivered back to the warehouse at the exhibitor’s expense.
- For your convenience, approved show carriers will be on site to book outbound transportation if you have not made arrangements in advance.

WHERE DO I GET A FORKLIFT?

- Forklift orders to install or dismantle your booth after materials are delivered may be ordered in advance or at show site. We recommend that you order in advance to avoid additional charges at show site. Refer to the Rigging Order Form for available equipment.
- Advance and show site orders for equipment and labor will be dispatched once a company representative signs the labor order at the Freeman Service Center.
- Start time is guaranteed only when equipment is requested for the start of the working day.

DO I NEED INSURANCE?

- Be sure your materials are insured from the time they leave your firm until they are returned after the show. It is suggested that exhibitors arrange all-risk coverage. This can be done by riders to your existing policies.
- All materials handled by Freeman are subject to the Terms and Conditions, which can be found in the exhibit service manual or online at www.freeman.com.

SPECIAL HANDLING DEFINITIONS

for frequently asked questions and material handling estimator tools, go to www.freeman.com/store

Special handling applies to shipments that are loaded by cubic space and/or packed in such a manner as to require additional labor/handling, such as ground unloading, constricted space unloading, designated piece unloading, carpet/pad only shipments or stacked shipments. Also included are shipment integrity, alternate delivery locations, mixed shipments, and shipments without individual bills of lading. Shipments loaded in this manner require additional time, labor, or equipment, to unload, sort and deliver.

What is Ground Loading/Unloading?

Vehicles that are not dock height, preventing the use of loading docks, such as U-hauls, flat bed trailers, double drop trailers, company vehicles with trailers that are not dock level, etc.

What is Constricted Space Loading/Unloading?

Trailer loaded “high and tight” shipments that are not easily accessible. Freight is loaded to full capacity of trailer – top to bottom, side to side. One example of this is freight that is loaded down one side of a trailer that must be bypassed to reach targeted freight.

What is Designated Piece Loading/Unloading?

Drivers that require the loading crew to bring multiple pieces of the freight to the rear of the trailer to select the next piece, having to remove freight from the trailer then reload to fit or the trailer must be loaded in a sequence to ensure all items fit.

What are Stacked Shipments?

Shipments loaded in such a manner requiring multiple items to be removed to ground level for delivery to booth. Stacked or “cubed out” shipments, loose items placed on top of crates and/or pallets constitute special handling.

What is Shipment Integrity?

Shipment integrity involves shipments on a carrier that are intermingled, or delivered in such a manner that additional labor is needed to sort through and separate the various shipments on a truck for delivery to our customers.

What is Alternate Delivery Location?

Alternative delivery location refers to shipments that are delivered by a carrier that requires us to deliver some shipments to different levels in the same building, or to other buildings in the same facility.

What are Mixed Shipments?

Mixed shipments are defined as shipments of mixed crated and uncrated goods, where the percentage of uncrated is minimal and does not warrant the full uncrated rate for the shipment, but does require special handling. Freeman defines special handling for mixed loads as having less than 50% of the volume as uncrated.

What does it mean if I have “No Documentation”?

Shipments arrive from a small package carrier (including, among others, Federal Express, UPS & DHL) without an individual Bill of Lading, requiring additional time, labor and equipment to process.

What is the difference between Crated and Uncrated Shipments?

Crated shipments are those that are packed in any type of shipping container that can be unloaded at the dock with no additional handling required. Such containers include crates, fiber cases, cartons, and properly packed skids. An uncrated shipment is material that is shipped loose or pad-wrapped, and/or unskidded without proper lifting points.

What about carpet only shipments?

Shipments that consist of loose carpet and/or padding only require additional labor and equipment to unload.

CUSTOMER GUIDELINES FOR SUBMITTING GRAPHICS ARTWORK

Our goal is to provide you with the best possible quality graphics for your event or exhibit. You can help us in that effort by providing digital art files using the following guidelines. If you are sending us completed, print-ready files, please pass the following information on to your graphics designer or art department. Artwork must be submitted in the proper resolution and/or file size to produce quality images. Please provide proper color matching information and proofs to ensure accurate color reproduction.

PLEASE PROVIDE THE FOLLOWING WHEN SUBMITTING ART

RASTER ART (photos, logos containing any continuous tone images):

- Art submitted at 1:1 (100%), resolution should be no less than 60 dpi (100 dpi preferred)
- Art submitted at 2:1 (50%), resolution should be no less than 120 dpi (200 dpi preferred)
- Art submitted at 4:1 (25%), resolution should be no less than 240 dpi (400 dpi preferred)

VECTOR ART:

- Logos should be vector and have outlined fonts (if provided as bitmap, please use high-res images)

FONTS and LINKS

- Supply all fonts used in your design (zip Mac fonts). If unsure how to collect fonts, convert them to outlines
- Supply all links used in your document. Use packaging feature if available. If unsure how to collect links, embed them in the file when saving.

COLOR

- If PMS color matching is required, please use original Pantone + Solid Coated swatches in your artwork. Modifying Pantone names will result in printing default color (CMYK)
- CMYK artwork will be produced "As Is". Our color output is balanced and vibrant.
- Convert RGB art to CMYK if possible.
- If you are sending Certified Color Proofs (Gracol, Swop, Fogra), please provide ICC file information used to print your samples. Best option would be to include ICC chart on your prints.

ARTWORK IN THE STRUCTURE

- Please note that any panels going in the metal frame will hide 1/4" of your art all the way around. If you have a continuous wall where individual panels are divided by metal, use 1.25" spacing in between each panel to account for gaps and the natural flow of the graphics.

ACCEPTABLE FILE SOFTWARE

We are capable of working with both PC and MAC based software, and can accept art created with the ADOBE Creative Suite - Illustrator, InDesign, and Photoshop

Always provide the following:

- Native files with fonts and links (zipped)
- High-res PDF-X/4 exports of the files

ACCEPTABLE FILE TYPES and SUPPORT FILES

NATIVE FILES:

- AI CLOUD (CC) file with Packaged supporting links and fonts. You may keep images linked but Packaging feature must be used.
- AI (CS6, CS5, CS4...) file with embedded links and outlined fonts
- EPS file with embedded links and outlined fonts
- INDD file with Packaged supporting links and fonts

PRINT FILES:

- High-res PDF-X/4 (preferred)
- AI with PDF content (choose this option when saving file)
- EPS files with embedded links and outlined fonts

RASTER OR BITMAP ART:

- Photoshop EPS (preferred, use 8-bit preview, Max, Quality JPG compression)
- PSD (make sure font layers are rasterized)
- TIFF, JPG (quality 8 and higher)

Mac users: Use Zip or Stuffit programs when submitting fonts other than OTF (Open Type Fonts)

WAYS TO SEND ARTWORK

• Files below 10 MB can be delivered via email. Larger files may be posted to Freeman's FTP site. You may get the password and other needed information from your Freeman service representative in order to post files. However, a hard copy proof and backup of the files on CD-Rom/DVD may be required to be sent via overnight delivery in addition to posting the electronic files. Please call (508) 894-5100 for assistance.

UNION JURISDICTIONS BOSTON, MASSACHUSETTS

We have provided these definitions to acquaint you with specific guidelines for labor. If you have any questions once you have read this, please address them to Show Management or to Freeman directly.

The unpacking, erection, assembling, dismantling, and packing of displays and equipment may be done by full-time employees of an exhibiting company. The official labor contractor for the exposition will have skilled craftsmen to assist exhibitors who wish to hire labor to perform these services. Arrangements for all temporary labor should be made through the official service contractor. Official labor order forms are included in the exhibitor service manual.

MATERIAL HANDLING

Work rules require that the official material handling contractor off-load all equipment and display material from commercial carriers/common carriers or van lines. ***The use of fork trucks, pallet jacks and lift gates are permitted only by personnel of the official material handling contractor.*** Exhibitors are allowed to perform their own material handling, provided they meet all of the following criteria:

Personnel performing the work must be **bonafide, full-time company employees** of the exhibiting company.

They must be off-loading from a company owned truck or rental vehicle, or from a car, van or truck owned by personnel of the exhibiting company. All trucks, including co-owned or rental vehicles, over 24' in length will be off-loaded or loaded by the official material handling contractor.

They may use **only** hand-operated equipment, which they have provided; two-wheeled hand trucks and four-wheeled flat trucks are permitted. The use of fork trucks, pallet jacks, lift gates or any other mechanical equipment is not permitted by anyone other than the official drayage contractor.

BOOTH LABOR

Exhibitors are allowed to set-up and/or dismantle their own booths, provided that they use their own **bonafide, full-time employees**. Please advise them not to bring outside labor of any kind.

TIPPING

Our Work Rules prohibit the SOLICITATION of tips by any of our employees. Our employees are paid excellent wages denoting a professional status and we feel that tipping is not necessary. Should you be SOLICITED for a tip, please report the incident to our Service Center as soon as possible.

FREQUENTLY ASKED QUESTIONS

If the MCCA doesn't run my electrical cords, and I can't do it myself, who should I send my electrical layout plan to?

If you have booth floor plans that include electrical layouts, you should share that information with your preferred setup personnel. If you are working with a third-party exhibit company, they may run the cords for you. If you need to hire labor to run cords for you, the show's General Service Contractor can help you. Typically, the General Service Contractor will include an Electrical Cord Labor Form in the Exhibitor Kit. The MCCA is happy to keep any floor plans on file for reference. In fact, we recommend that you forward your electrical layouts to Exhibitor Services for all 208V and 480V connections so that we may place the initial drop in the most convenient location possible.

How do I know if I need a 208V or 480V connection?

Most exhibitors do not require special connections like a 208V or 480V connection. Many times, these types of electrical services are required for heavy equipment and/or specialized machinery. Kindly consult with the equipment manufacturer, name plate rating or installation technician for specific details. Exhibitors who bring their own distribution panels may need one of these special connections.

How do I know how much power I need to order?

When determining how much power to order for a booth, it is helpful to know how much total power is required for the equipment in your booth space. Below, we have outlined some standard electrical requirements (requirements may vary).

- Standard Laptop 250-550 watts
- Lead Retrieval 300-500 watts
- Standard Plasma TV 300-400 watts

Items like laptops, standard booth lights, and televisions may be grouped together on one circuit provided they do not exceed the overall limit of the circuit or the surge protection device. There is some equipment that requires its own circuit to run properly. For example, a microwave or refrigerator requires its own dedicated circuit, so a laptop and refrigerator should not use the same power source.

I am an International Exhibitor and my equipment requires a converter to step down from 220V to 208V. Can I rent a converter from the MCCA?

The MCCA does not rent or supply power conversion equipment. Exhibitors are required to bring their own to the show.

I can't find 208V or 480V overhead service listed on your online ordering site. How can I order this service?

208V & 480V overhead services are limited in our convention centers. All requests for such connections must be approved by an MCCA electrician; please contact MCCA Exhibitor Services for more information.

FREQUENTLY ASKED QUESTIONS

How do I know if I need a single-line or a multi-line service?

Single-line phones are just like most household phones. They can be used for fax lines, credit card machines, standard telephones, and even to dial-up internet service (although we do not recommend this method of internet connectivity). A Multi-Line Service (Digital) includes one phone number with multiple line appearances and rental of one digital display phone.

I have a wired credit card machine. Do I need to program anything specific for the machine to work on your single-line service?

Yes. Please preprogram your machine to dial "9" before your credit card company's number.

How do I receive my phone number, dialing instructions, and phone/fax equipment?

Please visit the MCCA Exhibitor Services desk onsite to pick up your equipment. At this time you will receive assigned phone numbers and dialing instructions. This information can also be provided ahead of time if requested through Exhibitor Services.

How can I place international calls on my phone line?

If you wish to place international calls on your phone line, please contact Exhibitor Services prior to move-in to submit this request. Otherwise, all phones will be limited to local and US numbers.

Internet & Technical Services

The MCCA offers a variety of Internet and Technical services through our experienced in-house team of technicians.

Wired Internet Connections

Exhibitors who order wired internet drops are provided with one internet connection and assistance, as needed, from our internal IT Support Services staff. FREQUENTLY ASKED QUESTIONS

I ordered a Managed Service that required IP Addresses.

How and when do I receive this information?

When you are onsite and ready to configure your computers, please visit the Exhibitor Services desk to retrieve your IP Information.

Do you have wireless internet?

The MCCA offers free wireless internet service throughout meeting rooms, lobbies, and expo halls; just open your internet browser and look for the Hynes Wireless Network. This service is designed for casual users and not guaranteed. If you are relying on the internet to showcase your product or services we strongly recommend a wired internet connection for guaranteed service.

I see that you don't offer hubs for sale. What is the difference between a hub and a switch? Can I bring my own hub or switch?

The MCCA offers switch devices for sale instead of hubs because switches are known to provide better performance with a lower failure rate. Exhibitors are welcome to provide their own hub or switch for all internet services.

What is bandwidth and how do I know how much I need?

Bandwidth is the "size of the pipe" that data can traverse. The bigger the bandwidth, the faster data can be transferred. To find out how much bandwidth you require, please consult with a technical representative in your company or look for program specifications listed with any demonstrations or downloads you plan to run.

I need to access my company's network while I'm exhibiting at your facility. Which service will allow me to do this?

Exhibitors who need to connect remotely to their company's network using a VPN (Virtual Private Network) with authentication information like passwords, certificates, or "tokens" can do so with any of our services, however they should confirm with their IT department for the use of DHCP or public IP address requirements.

What is a VLAN?

A VLAN (Virtual Local Area Network) allows a network of computers to behave as if they are connected to the same service even though they may actually be physically located in different areas around the facility. One of the biggest advantages of a VLAN is that when a computer is physically moved to a different location, it can stay on the same VLAN without any hardware reconfiguration.

I ordered a switch and cables, how and when do I get them?

When you are ready for your switch and internet cables, please visit the Exhibitor Services Desk.

Rigging Services

The MCCA provides rigging and overhead lighting services through our service contractor, JCALPRO.

Diagrams must include the location, dimensions and weight, and the height from the floor to the top of the suspended item. Diagrams must also show booth outline with aisles or neighboring booths marked for reference and orientation.

Team Labor Hour Exhibitors may request rigging service on Sundays, holidays or outside the package service hours (Monday-Saturday 7am – 12am). In this case, a Team Labor Hour must be ordered for each rigging package ordered. In addition, when receiving a custom quote for rigging and lighting, team labor hours will be quoted for all labor hours required that are not covered by the Rigging Packages such as building of truss, focusing and attachment of lights, and lighting maintenance.	\$278.00	\$335.00	\$402.00

Custom Rigging & Lighting Solutions

The MCCA/JCALPRO also offers customized rigging and lighting solutions for Exhibitors with more complex or unique requirements. This option is best suited for Exhibitors with larger signs, multiple signs, and/or overhead lighting needs.

Custom Rigging and Lighting Solutions still require flexibility in load in and load out time. If you require a specific load in or load out day and/or time, hourly rates may apply (see Terms and Conditions – Page 17).

Custom Rigging & Lighting solutions may only be ordered with a pre-arranged quote.

Please contact JCALPRO at 1.617.954.2345 to initiate this process. Quotes will be issued in an easy-to-order format, and will typically include a base Rigging Package for labor charges and some combination of the following items as necessary.

** For Custom Rigging please contact JCALPRO at 617.954.2345, as these services are not available for online ordering.*

FREQUENTLY ASKED QUESTIONS

How do I know if I qualify for the Basic Rigging Package Rate?

Find out the dimensions and weight of your sign. If your sign weighs less than 150 pounds and is less than 20' in length and less than 175 square feet and does not require electrical rigging, truss, or motors, you will qualify for the Basic Rigging Package. If your sign is motorized or needs electrical rigging (for example a rotating sign or a sign with lights), you qualify for the Electrical Rigging Package.

Can I order lighting to be suspended from the ceiling?

If you would like to order lights to brighten up your booth or illuminate specific objects, you will need to get a *quote* from JCALPRO. In most cases, lights cannot be attached to our ceilings. Instead we can provide you with truss, using motors, to create a lower "ceiling" and then hang lights from that truss. We will require a diagram showing your booth layout and exactly what you want illuminated in order to put together a quote.

Do I ship my sign to you to put it together?

No. Although JCALPRO provides labor to hang the sign, the General Service Contractor (GSC) handles all shipments. You may build your sign or hire the GSC to put it together for you. When the sign has arrived at the building and has been assembled, we will hang it for you. Be sure to keep this in mind when making your time and day requests for sign hanging.

Can I request load in and load out times?

Yes, the Rigging Order Form has a space for you to indicate your preferred up and down times. Please note that your preferred timing is not guaranteed; however, we do try our best to cater to your requests. If you absolutely need a specific install or take down time, additional charges will apply. If you do not provide a diagram or layout prior to load-in, then you may experience set-up delays and additional cost.

What type of diagrams should I send?

The most useful diagrams are on a proportioned grid to show the dimensions of the booth, the exact desired placement of hanging items, and orientation of the booths around yours. As a general rule, pictures from previous shows and pictures of the sign only are not as helpful as current diagrams of the entire booth space with the placement, height, and weight of the sign(s) or hanging item(s).

exhibitor requires additional plumbing labor outside of the standard service, services will be billed at an hourly rate with a minimum of one hour. Labor rates are based on current wage and benefit rates and are subject to change without notice:

» Hourly Rate (All times) \$90.00

FREQUENTLY ASKED QUESTIONS

Do all water connections need a drain?

While most water connections do require a drain service, there are some cases where the drain is unnecessary. When the water provided is being consumed or evaporated, a drain is not needed. For example, exhibitors using water service for a coffee machine do not need to order a drain because the water is being consumed.

Will you provide the fittings and hoses for my water and drain connections?

To ensure that your booth's equipment runs properly we ask that you supply your own regulators, filters, and hoses.

When would I need to order a Fill and Drain Service?

Some of the most common reasons exhibitors order fill and drain are for items like fish tanks, pools, tubs for display, or running water displays. We use large hoses to fill vessels requiring water and then use existing drains in the floor to remove the water at the end of the show. Exhibitors are not permitted to bring their own water or use MCCA sinks to fill their own equipment.

My booth requires a sprinkler system. What plumbing service should I order?

If your booth requires a sprinkler system, you will need to order an individual water connection specifically for this purpose.

My exhibitor kit says I need to order a hand washing unit because I am planning to prepare food in my booth. Do you provide these units?

Levy Restaurants, our exclusive in-house catering company, can provide a hand washing unit that includes a small hand washing sink, paper towels, soap, and a discard bucket. Please consult your exhibitor kit for Levy Restaurants information or contact them directly at the Hynes (617.954.2284).

Do you allow Exhibitors to bring Helium balloons into your buildings?

No, unfortunately we do not allow exhibitors to bring helium balloons into the buildings.

Security Services

The MCCA is the “preferred” provider of security booth coverage for exhibitors. If your event designates another security vendor for booth coverage, you may choose to order through the event’s preferred provider as detailed in your exhibitor kit.

SECURITY GUARD (BOOTH)	DISCOUNT	STANDARD	ON-SITE
Per Hour Per Officer The MCCA offers uniformed public safety officers to cover shows and events. Officers are scheduled at a 4-hour minimum and are available from move-in to move-out, around the clock. Orders need to be placed 21 days in advance of the show/event opening in order to guarantee your requested coverage. Any orders received after the 21 day cut-off are subject to approval and are not guaranteed.	\$30.00	\$36.00	\$43.00
Per Hour Per Supervisor	\$40.50	\$49.00	\$58.50

FREQUENTLY ASKED QUESTIONS

When do you recommend ordering security for an exhibitor booth?

Our public safety department strongly suggests ordering security for booths planning to have VIP celebrity appearances, book signings etc., to monitor crowd control and escort as needed. Also, exhibitors with expensive or rare equipment in their booths may consider security for the overnight hours between show end and the next day’s show start.

Is there general overnight security in the exhibit hall?

The MCCA provides 24 hour security coverage for the facility; however, security coverage for the exhibit hall is determined by the show organizer and may vary from event to event.

Exhibitor Guidelines, Information and Regulations

EXHIBITOR PARTICIPATION REGULATIONS

ACCESS CONTROL AND CREDENTIALING

Exhibitors accessing the Hynes – including exhibitors traveling to the Hynes, unloading exhibitor-related cargo, and parking at the Hynes – must be credentialed by the Hynes Public Safety Department before entering the facility. Issued Exhibitor Credentials must be worn on the outermost garment (or on the right wrist if an ID band is issued) of the exhibitor (employees and contractors) at all times while inside the facility.

Exhibitors should check in with the General Service Contractor (GSC) before entering the facility. Upon request and as a requirement to be issued a MCCA ID, all employees and contractors working within an MCCA facility must identify themselves with a current and valid, government-issued photo identification (preferably a valid state-issued motor vehicle operator's license). Once positively identified by MCCA Public Safety, the exhibitor will be referred to the Licensee in order to register and receive event credentials.

ESCA identification badges are required for all General Service Contractors (GSC). Temporary MCCA credentials will not be issued to GSC employees and they will be turned away.

Lost/missing credentials must be reported to, and recorded by, MCCA Public Safety. The MCCA, in its sole discretion, reserves the right to revoke credentials for violations of law, facility policies and procedures, and/or injuries against persons or property, and/or when the revocation of those credentials is in the best interests of the MCCA.

AFFIXING TO THE FACILITY STRUCTURE

The MCCA does not allow exhibitors to:

- Rig cable/hanging devices or affix any materials to the ceiling, electrical bus ducts and conduits, sprinkler pipes, ventilation equipment, windows, columns or any other physical structure at the Hynes
- Cause or permit any nails, staples, hooks, tacks, screws, or the like to be driven into the facility structure (including, but not limited to, any wall, ceiling, column, stone, window, drape, painted, carpeted or concrete surfaces of the premises)
- Erect any decorations or use adhesive materials, including tape that can deface the walls, ceilings, floors, facilities and equipment contained on the premises
- Paint or permanently cover walls, floors, ceilings, or other areas of the facility or its furnishings or fixtures

BOOTH SET-UP AND DISMANTLE

The unpacking, assembling, dismantling and packing of displays and equipment may be done by full-time employees of an exhibiting company. Exhibitors are allowed to set-up and/or dismantle their own booths, provided that they use their own bona fide, full-time employees. It is acceptable for exhibitors to safely use power tools to set-up and/or dismantle their own booths.

No one under the age of 18 is permitted on the loading docks, in truck bays or in the loading dock yard. Additionally, no one under the age of 18 is permitted in the exhibit halls during move-in or move-out operations. The Licensee will determine age restrictions, if any, for hours when the exhibit hall is open for attendees

BOOTH STAGING

1. In addition to equipment and furniture placed within a booth space, subject to show management limitations, exhibitors are allowed to stage the following items:

- a. Boxed or loose product, materials or literature
 - b. Fiber cases used to ship pop-up displays
 - c. Personal items such as luggage, purses, briefcases or coats
2. The following restrictions must be observed when staging these additional items:
- a. The amount of product, materials or literature that may be staged within a booth space must not exceed a one day supply.
 - b. Items may be placed either in a display case, on a counter, on a shelving unit, in a closet, on a table, under a table or stacked neatly within the booth space.
 - c. Items that are stacked must not create a tripping hazard or hamper easy movement within the booth space.
 - d. Items may not be placed on or within six inches of floor ports, electrical wiring or cabling.
 - e. Pallets, empty crates, cartons and boxes may not be stored in the booth space.
 - f. Staging will not be allowed behind the back wall of the booth and behind the drape within the booth or exhibit area.

CABLING

No cables (telephone, Internet, electrical, audio, video, etc.) should be run in front of any doorways at any time. If cables must cross a doorway, cables must be flown — cable trays are not an acceptable substitute.

CAUTION TAPE

Use of 'Caution Tape' is prohibited. Yellow or red plastic tape with black stripes, or printed with 'Caution,' 'Do Not Enter' or other warning messages may only be placed by the MCCA to warn individuals of a hazardous condition. The MCCA prohibits the use of yellow or red plastic tape to restrict access to an event or exhibit display. Rope and stanchion may be available from the General Service Contractor.

COOKING DEMONSTRATIONS

If cooking or heating appliances will be used, the MCCA prefers they are powered by electricity, use UL listed/approved equipment and be adequately ventilated.

An exhibitor may use butane for cooking purposes with prior approval of the MCCA Public Safety Department.

Quantity inside the facility is limited to: two (2) 1-pound UL listed/approved non-refillable canisters per cooking device; one canister attached to the cooking device; and one spare canister. To prevent excessive amounts of butane within the facility, exhibitors may only use butane canisters purchased directly through the MCCA's exclusive food provider, Levy Restaurants.

Single-well cooking equipment (deep fryer type device) using combustible oils and solids shall:

1. Have lids available for immediate use
2. Be limited to 288 sq. in. (.19 sq. m) of cooking surface
3. Be placed in noncombustible surface materials
4. Be separated from each other by a minimum horizontal distance of 2 ft. (61 cm); multiple single-well cooking units may be placed together if the aggregate cooking surface does not exceed 288 sq. in. (.19 sq. m)
5. Be kept a minimum horizontal distance of 2 ft. (61 cm) from any combustible material

Exhibitor must provide a UL listed/approved fire extinguisher no less than 30 feet (9.15 meters) from the cooking device.

Exhibitor shall provide a 6 liter, Class K fire extinguisher for hazards where there is a potential for fires involving combustible cooking media (vegetable oils, animal oils or fats in cooking appliances) for each device.

Fire extinguishers must be mounted in a visible location and accessible at all times. All extinguishers shall be currently inspected and tagged by a licensed fire extinguisher company.

Open flames, cooking or other sources of heat are prohibited under any tent, canopy or tarp.

EXCLUSIVE SERVICES

The MCCA will be the exclusive provider of the following services: food & beverage, electrical, business center, telephone, Internet, rigging, the operation of ground-supported crank-ups, the operation and provision of lifts for theatrical purposes, plumbing, the use of the house sound system, and the supply of compressed airs and gases.

The MCCA is the preferred provider of security booth coverage for exhibitors. If your event designates another security vendor for booth coverage, you may choose to order through the event's preferred provider as detailed in your exhibitor kit.

EXHIBITOR PRODUCT

Exhibitors are prohibited from offering or selling any product(s) to any employee, agent, contractor or subcontractor working at the MCCA.

At the conclusion of the event, all products must be either:

- Removed from MCCA facilities by the exhibitor;
- Properly disposed of;
- Donated to a previously identified nonprofit organization; or
- Sold to an established business, with sales receipts supplied and produced on demand.

Any MCCA employee, agent, contractor or subcontractor working in MCCA facilities who is determined to be removing and/or accepting event-related product(s) is subject to immediate termination of employment or prohibition from working at all MCCA facilities.

All persons, vehicles, bags, containers, etc. are subject to search.

FIRE SAFETY REGULATIONS

Exhibits and decorative materials must meet the requirements of the Code of Massachusetts Regulations – 780 CMR EIGHT EDITION (Building Code). The Massachusetts Department of Public Safety (DPS) has jurisdiction over all safety matters of the MCCA. The DPS, in conjunction with the City of Boston Fire Department (BFD), provide guidance to the MCCA for a safe venue for all guests and employees at our facilities.

Prior to the show opening or at any time during the event, the MCCA Public Safety Department or other agency may inspect booths and other assembly areas to ensure these requirements are met. If they are not, adjustments can be costly – if a display is determined to be a hazard it may be ordered removed from the facility at the exhibitor's expense.

These requirements shall apply whether the event is open or closed to the public. The below topics are the minimum fire safety requirements for all events and are designed to provide an overview; the MCCA Public Safety Department reserves the right to make any final decision for life safety issues. Our sole effort is to ensure the success of your event and safeguard the safety and experience of all our visitors.

FIRE SAFETY LIMITATIONS

The following limitations apply to all exhibits located in the exhibition halls in the Hynes:

1. The following items are fire hazards and are prohibited for use in the Hynes:
 - a. Compressed flammable gases. Exception: Butane for cooking purposes with prior approval of the MCCA Public Safety Department (see Cooking Demonstrations)
 - b. Pyrotechnics, flammable/combustible liquids, hazardous chemicals/materials, blasting agents and explosives
 - c. Cut Christmas trees, cut evergreens or similar trees
 - d. Fireplace logs, charcoal and similar materials
 - e. Untreated mulch and Spanish moss or similar vegetation
 - f. Untreated hay or straw
2. Any interior finish, either permanent or temporary, will be required to meet the requirements of the Code of Massachusetts Regulations – 780 CMR EIGHT EDITION (Building Code).
3. The following rules apply regarding flame-retardant treatments:
 - a. All curtains, drapes, banners, decorations and acoustical material (including but not limited to cotton, hay, paper, straw, moss, split bamboo and wood chips) must be flame-retardant treated to the satisfaction of the Massachusetts Department of Public Safety. Material that cannot be treated for flame retardancy shall not be used. The GSC or individual exhibitor must have on-site a copy of the Certificate of Flame Resistance for all floor covering, curtains and rigged signage. The use of carpet on walls, ceilings, seating products or as decorative material is prohibited.
 - b. Combustible materials, an inch or more in thickness, glass or asbestos cloth may be used without flame-retardant treatment.
 - c. The use of oilcloth, tarpaper, sisal paper, nylon, Orlon®, and certain other plastic materials that are not flame-retardant is prohibited.
4. Open flame devices may be permitted when they are

a necessary part of the exhibit, with prior approval of the MCCA Public Safety Department. Devices must be isolated from attendees by either four (4) feet or a barrier; be placed on a non-combustible surface; be separated from other devices by five (5) horizontal feet; and have a 10 lb. ABC fire extinguisher present within the exhibit. Fire extinguishers must be mounted in a visible location and be accessible at all times. All extinguishers shall be currently inspected and tagged by a licensed fire extinguisher company.

5. The hanging or rigging of signs, displays or banners, etc. shall not interfere with the building fire sprinkler system.
6. Exhibitors are prohibited from covering displays with drop cloths, sheets, table cloths or other non-flame resistant material.
7. Storage of combustible materials in meeting rooms, ballrooms or service corridors is prohibited.
8. Exhibitors shall move, remove or arrange with the General Service Contractor to remove wooden pallets, shipping crates, cardboard boxes and other packing materials from the exhibit hall area as soon as possible. These items are not permitted in the exhibit halls during events. See Booth Staging.

EXHIBIT HALL LIFE SAFETY EQUIPMENT

Fire extinguishers and fire hoses are located on the perimeter wall of the exhibit halls and main floor of the auditorium. General Service Contractors (GSC) and exhibitors are required to maintain a minimum unobstructed path of no less than 48 inches (122 cm), 24 inches (61 cm) on center for fire extinguishers.

Fire extinguishers shall not be removed or temporarily relocated by any exhibitor, the Licensee or the GSC. The GSC is responsible for ensuring that egress paths, emergency exits, fire extinguishers, fire pull stations, fire department value boxes, fire alarm flashers and AEDs are not obstructed or obscured from view at any time in the facility. Anyone found responsible for moving, removing or blocking fire safety equipment is subject to a fine.

FLAME-RETARDANT TREATED MATERIALS

The following rules apply regarding flame-retardant treatments:

1. All decorations, drapes, signs, banners, acoustical materials, hay, straw, moss, split bamboo, plastic cloth, and similar decorative materials shall be flame-retardant to the satisfaction of the Boston Fire Department and State Fire Marshal.
2. Combustible materials, inch or more in thickness, glass or asbestos cloth may be used without flame-retardant treatment.
3. The use of oilcloth, tarpaper, sisal paper, nylon, Orlon®, and certain other plastic materials that are not flame-retardant, is prohibited.
4. Table coverings used in exhibit halls must be flame-retardant treated, unless they lie flat, and have an overhang of no more than six (6) inches.
5. All materials must be certified by the Boston Fire Department within six (6) months of the event. The Boston Fire Department does not accept certificates from other jurisdictions. Materials may be sent directly to the Boston Fire Department for testing.
6. The City of Boston Fire Code prohibits the use of:
 - Fabric attached to a ceiling or used to cover any portion of an exhibit
 - Carpet on ceilings, walls, seating products, or as decorative material

LASERS

The use of lasers for exhibit demonstrations or visual effects for entertainment must be approved by the Licensee and the MCCA Public Safety Department. All lasers must comply with Code of Massachusetts Regulations 105 CMR 120.000, and be registered and approved by the Massachusetts Department of Public Health. Regulations and applications are available from the Massachusetts Department of Public Health.

FOOD & BEVERAGE SAMPLES

The MCCA prohibits any food or beverages from being brought into the building, except by Levy Restaurants, the exclusive food & beverage service provider. The distribution of food and beverages, regardless of type and/or quantity, is the sole responsibility of Levy Restaurants.

Levy Restaurants is the official caterer for all food and beverage services within the Hynes. All arrangements for the service of food and/or beverages must be made through the catering office. Food and beverage sampling in conjunction

with specific exhibits may be permitted, but only to the extent approved in writing, in advance, by a Levy Restaurants Catering Sales Manager.

In order to obtain authorization from your Catering Sales Manager to distribute food and beverage items, one of the following conditions must exist:

- (1) The party interested in distributing food and/or beverage must be the manufacturer of said product. The interested party must only distribute sample sizes (2 ounces of pre-packaged food items or 4 ounces of non-alcoholic beverages) of his/her product, and cannot participate in cash sales of said product during the show.

-OR-

- (2) The party interested in distributing food and/or beverage items must pay a fee, which is based on a percentage of retail pricing for the item and is subject to all applicable administrative fees and taxes, in order to waive its right to exclusivity under the MCCA/Hynes License Agreement.

If a party brings unauthorized food and/or beverage items into the Hynes and does not subsequently meet one of the conditions listed above, the party must immediately remove the unauthorized item(s) from their exhibit or meeting space.

Temporary Food Service Permit Application

The City of Boston Inspectional Services Division requires a temporary food service permit for any food & beverage served at the Hynes that is not sourced through Levy Restaurants. Permit fees begin at \$30.00 for a one-day permit, with \$5.00 for each additional day of sampling (example: a 3-day permit costs \$40.00).

GLITTER, CONFETTI, POPCORN AND OTHER MATERIALS

The use of glitter, confetti, sand, or simulated snow types of material is not permitted in the Hynes. Additionally, adhesive-backed decals may not be given away or utilized.

Popcorn is not permitted without prior written approval from the MCCA. Additional cleaning charges may apply.

GRATUITIES POLICY

It is against the MCCA's policy for any employee or service contractor to accept gratuities or gifts from the Licensee and/or any exhibitors. Offering of tips and gratuities to personnel employed by the MCCA, or its contractors, agents or suppliers, is not necessary and strictly prohibited. If you are

approached or solicited by any MCCA or service contractor personnel for gratuities, please report this violation to the Chief of Public Safety at 617.954.2111.

GUARDRAILS AND STAIRS

Any platforms exceeding 30" in height will require a Massachusetts-State-building-code-compliant guardrail system. The guardrail shall be 42" in height, with balusters or solid material such that a sphere with a four-inch (4") diameter cannot pass through any opening.

The guardrails shall not have an ornamental pattern that would provide a ladder effect. This includes a guardrail on stairs.

The guardrail system shall be capable of withstanding a load of 200 pounds (minimum).

Stair construction shall meet Massachusetts State building code for riser height of 7" maximum and a tread depth of 11" minimum. These stairs shall have a handrail that shall be continuous, without interruption by newel posts, other structure elements or obstructions. Handrails shall not be less than 34" or more than 38". The handrail ends shall be returned to a wall or post. All stairway handrails shall have a circular cross section with an outside diameter of at least 1-1/4" and not greater than 2".

Stair width shall be a minimum of 36". Many multi-level displays are designed without risers, which is not permitted by the Massachusetts State building code as the stairway is part of a means of egress. The easiest way to address this issue with minimal cost is to secure a fitted piece of fire-rated plywood or sheet rock between the stringers against the back of the treads.

HAND-CARRY POLICY

The MCCA reserves the right to restrict all freight and package deliveries to the loading dock. MCCA Public Safety personnel will be on site to direct and assist exhibitors during move-in and move-out.

For the convenience and safety of exhibitors and patrons, all freight and material handling must enter and exit the facility through the loading dock. The Licensee and its exhibitors will be allowed to hand carry one item, one time, in or out of the facility without having to access the loading dock. (Hand-carried freight is defined as one item that can be easily carried by an individual, without the need for dollies or other mechanized equipment.)

MATERIAL HANDLING

Exhibitors are allowed to perform their own material handling, providing all of the following criteria are met:

- Exhibit personnel performing the work must be bona fide, full-time employees (“authorized personnel”) of said company.
- Exhibitors may choose to off-load from a company-owned truck or rental vehicle, or from a car, van or truck owned by personnel of the company provided the vehicle is co-owned or rental vehicles must be less than 24 feet in length.
- Exhibitors may use only hand-operated equipment, which they have provided; two-wheeled hand trucks and four-wheeled flat trucks are permitted as well.
- At no time can vendors (A/V, furniture design firm, etc.) unload their items. An approved General Service Contractor (GSC) or the Exclusive Rigging Service Provider (ERSP) must be hired by the Licensee to unload/re-load and push in all vendors..

No parking is allowed at the Boylston Street entrance of the facility, and the use of passenger elevators for movement of freight is not allowed. All packages are subject to inspection by facility personnel.

LIGHTS

Only Underwriters Laboratories (UL) approved, clamp-on types of portable spotlights are allowed. All display lights must be turned off when the exhibitor leaves for the day. Only UL approved extension cords 12 gauge or greater, rated for 20 amp, are allowed. Note: Household extension cords are not permitted. These are generally 14 or 16 gauge and only rated at 15 amp.

MEANS OF EGRESS

The travel distance within an exhibit booth or exhibit enclosure (including temporary office/meeting spaces) to an exit access aisle shall not exceed 50 feet (15 meters). There should be a minimum of two (2) separate exits from any point in the hall or room where the occupant load is less than 500 persons. Where occupant loads are between 500 and 999 persons, there shall be a minimum of three (3) separate exit

doors. Where occupant loads are 1,000 persons or greater, there shall be a minimum of four (4) separate exit doors.

Exits must be so located and exit access arranged so that exits are readily accessible at all times. Where more than one exit is required, exits must be remotely located from each other and arranged and constructed to minimize any possibility that more than one may be blocked by a fire or other emergency condition.

Where exits are not immediately accessible from an open floor area, safe and continuous unobstructed passageways, aisles or corridors leading directly to every exit must be maintained and arranged, to provide access for each occupant to at least two exits by separate ways of travel. At no time should an exit door or exit access door be locked, blocked or obstructed in a manner that will confuse or slow the movement of any people within the area. This requirement will also be in effect during the “move in” and “move out” of events.

During certain events, the total occupancy of larger meeting rooms and the ballrooms meeting room(s) being used may not require all the exit capacity provided for that area. In these cases, a special review will be done on the request to close some of the exit doors. An explanation, along with detailed drawings showing these doors, must be submitted for approval. If approved, the doors and exit signs must be covered to prevent any confusion to the occupants.

MOVE-IN PROCEDURES

All exhibitor move-in is restricted to the Hynes loading areas. No exhibitor will be allowed access with his or her move-in materials via any other entrance to the facility. Please note the hand carry rule within the Exhibitor Participation Rules/ General Conditions Section of the Event Guide.

All materials used in the construction of covered exhibits and all decorative materials within the exhibit must be non-combustible or limited combustible (flame-retardant) materials. Certification of flame retardant treatment, along with samples of said materials, must be submitted, if requested by the MCCA Public Safety Department or the Massachusetts Department of Public Safety. It is strongly recommended that certifications of flame retardant treatments be available at show site to avoid on-site testing of materials.

Fabric must pass the NFPA-701 Code for flame spread and smoke development – Class A, Flame Spread less than or equal to 25, Smoke Developed less than or equal to 450. Canopies and tarps must be fire resistant and meet CPAI 84 (Canvas Products Association International) specifications. The original flame retardant compliance tag must be attached to tent, canopy or tarp.

The use of tents inside the Convention Center requires a special permit from the Massachusetts Department of Public Safety. Please contact the MCCA Public Safety Department at 617-954-2222 for assistance.

Exhibitor must install a single station and battery operated smoke detector on the interior of each covered exhibit or structure, including enclosed storage closets, regardless of the square footage. The detector must sound an audible alarm and be installed per the manufacturer's instructions.

Exhibitor must provide at least one (1) 10 lb. ABC, dry chemical fire extinguisher. Fire extinguishers must be mounted in a visible location and accessible at all times. All extinguishers shall be currently inspected and tagged by a licensed fire extinguisher company.

A single exhibit or group of exhibits with ceilings that do not require sprinklers shall be separated by a distance of not less than 10 feet (3050 mm) where the aggregate ceiling exceeds 300 square feet (28 square meters).

Open flame, cooking or other sources of heat are prohibited under any tent, canopy or tarp.

MULTI-LEVEL BOOTHS AND CEILINGS/CANOPIES**Guidelines for Multi-level Exhibits (regardless of the size) and Covered Exhibits With Larger Than Three Hundred (300) Covered Square Feet**

Requests for construction of multi-level exhibits (regardless of the size) must be authorized by show management before being reviewed by the MCCA Engineering and Maintenance Division and the MCCA Public Safety Department. To ensure the success of your exhibit, please read and comply with the following guidelines:

1. Plans should be submitted a minimum of 90 days before the move-in date of the event and must adhere to the following:
 - a. They must be scaled, signed and dated by a registered architect or professional engineer.
 - b. They must include the show name and dates.
 - c. They must include exhibitor's name and assigned booth number.
 - d. They must include directional information (i.e. indicate neighboring aisles and/or booth numbers).
 - e. They must indicate maximum exhibit height, within the booth. Height guidelines are established, per event, by show management.
 - f. They must include connection details for the elevated floor and stairs, and permitted loading for furnishings, storage units, work surfaces or occupants who will be permitted access to the upper level.
 - g. They must include a floor loading schedule that identifies the maximum safe floor loading, fixture loads (dead loads) and occupant loading (live loads), establishing what shall be the effective limits.
2. All materials used in the construction of multi-level and/or covered exhibits and all decorative materials within the exhibit must be non-combustible or limited combustible (flame-retardant) materials. If requested, certification of flame-retardant treatment, along with samples of said materials, must be submitted to the Massachusetts Department of Public Safety for testing. It is recommended that certifications of flame retardant treatments be available at show site.

3. Exhibits with an enclosed room or occupied second story must post notice at the bottom of the stairway, indicating maximum permitted occupancy (or total permitted weight load of the second level).
4. If second level is to be occupied and greater than three hundred (300) square feet, or is designed to hold 10 or more persons, two (2) stairways are required, remote from each other. If second level is to be occupied and less than three hundred (300) square feet, one (1) set of stairs is permitted.
 - a. Stair construction shall meet Massachusetts State building code for riser height of 7" maximum and a tread depth of 11" minimum.
 - b. These stairs shall have a handrail that shall be continuous, without interruption by newel posts, other structure elements or obstructions.
 - c. Handrails shall not be less than 34" or more than 38". The handrail ends shall be returned to a wall or post. All stairway handrails shall have a circular cross-section with an outside diameter of at least 1-1/4" and not greater than 2".
 - d. Stair width shall be a minimum of 36". Many multi-level displays are designed without risers, which is not permitted by the Massachusetts State building code as the stairway is part of a means of egress.
5. Individual areas of upper decks or covered areas must be limited to dimensions that do not exceed one thousand (1,000) square feet.

 - c. Exception: Exhibitors installing these approved flame retardant materials as coverings may avoid the need to install a fire extinguishing system:
 - A flame retardant material with fusible seams that under low temperatures (176° F / 80° C) will split and open the canopy to allow smoke to rise, activate sprinklers and allow water through the opening
 - A flame retardant open mesh material with a minimum 70% opening
 - Ceilings that are constructed of open grate design or listed dropout ceilings in accordance with NFPA 13, Standard for the Installation of Sprinkler Systems, shall not be considered ceilings within the context of this section
 - Vehicles, boats and similar exhibited products having over 100 sq. ft. (9.3 sq. m) of roofed area shall be provided with smoke detectors (Single station and battery operated or portable smoke detectors meeting the requirements for Household Fire Warning Devices in NFPA 74 are acceptable.)
2. A temporary sprinkler system must be connected to the Convention Center's domestic water system. The MCCA maintains a list of approved, state-licensed fire sprinkler companies authorized to install temporary fire sprinkler systems. The vendor must submit a sprinkler coverage plan to the MCCA Engineering & Maintenance Department for approval.
3. To order a plumbing connection for the sprinkler system before you arrive, click on the "Exhibitor Online Ordering" link from the main MCCA Webpage (www.massconvention.com).

All extinguishers shall be currently inspected and tagged by a licensed fire extinguisher company.

The Massachusetts Department of Public Safety does not permit the use of a fire watch ordered in lieu of a temporary fire sprinkler system as an alternative method for fire safety compliance.
